9780534634599 **The Teacher's Guide to Media Literacy** Cyndy Scheibe, Faith Rogow, 2012 A Deeper Sense of Literacy is the first book to suggest that media literacy is both a content area and an approach to teaching that can be integrated into any subject area It combines theory and practical application in a way that addresses the most important questions related to media literacy in education today what is it why is it important how can you teach it across a wide range of curriculum areas and grade levels and does it work Rather than focusing on how to teach media literacy Scheibe and Rogow focus on actually using media literacy to teach lessons across the content areas Clear Thinking with Psychology John Ruscio, 2002 Do your students have the tools to distinguish between the true science of human thought and behavior and pop psychology Ruscio's new book provides a tangible and compelling framework for making that distinction Because we are inundated with scientific claims the author does not merely differentiate science and pseudoscience but goes further to teach the fundamentals of scientific reasoning on which students can base their evaluation of information **50 Great**
