Research Penny A. Pasque, Vicente M. Lechuga, 2016-11-25 *Qualitative Inquiry in Higher Education Organization and Policy* Research provides readers with the theoretical foundations and innovative perspectives for undertaking qualitative research to influence policy and practice discussions Well known chapter authors discuss innovative strategies for investigating complex problems helping readers understand how research can consider the culture of the institution administrative hierarchy students faculty and external constituencies From both an organizational and policy perspective chapter pairings explore a range of methodologies including ethnography case study critical qualitative inquiry and the notion of grit This volume explores how qualitative inquiry can advance understanding of organizational inequities in higher education and it offers graduate students and educational researchers the tools to improve the organizational function of institutions while contributing to meaningful change Advancing Culturally Responsive Research and Researchers Penny A. Pasque, e

alexander, 2022-08-19 *Advancing Culturally Responsive Research and Researchers* Qualitative Quantitative and Mixed Methods encourages readers to design and engage in methodologies and methods that place cultural relevancy at the center of inquiry In doing so it highlights the need to uplift voices and needs of people who have been historically marginalized in the environments that we both inhabit and engage in as part of knowledge construction The scholars whose work is featured in this volume take up research from different paradigmatic ontological epistemological axiological and methodological approaches yet with adherence to centering cultural responsiveness in all research decisions Each chapter seeks to extend understandings of social inequities methodologies and or methods and to contribute to meaningful and evolving social change through innovative and cutting edge research strategies While doing this work the authors illustrate and highlight the importance of researcher positions and reflexivity in supporting the expansion of culturally responsive approaches they also do so while considering global sociopolitical conditions of this moment in time The contributions to this volume were initially presented at the first biennial Advanced Methods Institute in 2021 The Institute was hosted by QualLab in The Ohio State University's College of Education and Human Ecology and shared this volume's thematic focus As a handbook the volume can help faculty and advanced researchers with interest in doing culturally responsive projects to better understand frameworks approaches and considerations for doing so It includes activities to support readers in developing said understandings *Practising Immanence* David A. G. Clarke, 2023-11-28 *Practising Immanence* Living with Theory and

Environmental Education makes creative contributions to both qualitative inquiry and environmental education by exploring how each of these ideas seep and fuse into one another creating a space where methodology becomes pedagogy and where each of these is already always environmental indivisible with life Clarke's energising and innovative approach offers a

challenge to conventional research practices and shows ways in which inquiry can be done differently Drawing on new materialisms affect theory and the practical philosophy of Gilles Deleuze and Felix Guattari the book details the PhD journey of the author merging stories and theory and stories of theory in the production of eight haecceities a philosophical concept which prioritises the thisness of a thing or event This move allows a novel methodological approach whereby the haecceities act as sites of variation on the events of the book the self as unstable and posthuman the environment as everything immanent rather than as an overly romantic or a green version of nature and the tensions that these moves create for ethical orientations in education inquiry and life in the Anthropocene Practising Immanence brings theory to life through a diffractively critical style and a unique approach to environmental pedagogic practice This radical and vitalising book will be of interest to those inspired to explore environmental problems and inquiry with each other and to those drawn to creative relational narrative embodied and post qualitative approaches to research
