Postmodern Studies ,1995 *Subject Guide to Books in Print* ,1991 **Whitaker's Books in Print** ,1998 *The Vagina: A Literary and Cultural History* Emma L. E. Rees,2013-08-01 From South Park to Kathy Acker and from Lars Von Trier to Sex and the City women s sexual organs are demonized Rees traces the fascinating evolution of this demonization considering how calling the c word obscene both legitimates and perpetuates the fractured identities of women globally Rees demonstrates how writers artists and filmmakers contend with the dilemma of the vagina s puzzlingly covert visibility In our postmodern porn obsessed culture vaginas appear to be everywhere literally or symbolically but crucially they are as silenced as they are objectified The Vagina A Literary and Cultural History examines the paradox of female genitalia through five fields of artistic expression literature film TV visual and performance art There is a peculiar paradox unlike any other regarding female genitalia Rees focuses on this paradox of what is termed the covert visibility of the vagina and on its monstrous manifestations That is what happens when the female body refuses to be pathologized eroticized or rendered subordinate to the will or intention of another Common and often offensive slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women s lived sexual experiences such that we don t look at the vagina itself slang offers a convenient distraction to something so taboo The Vagina A Literary and Cultural History is an important contribution to the ongoing debate in understanding the feminine identity

Novel Subjects Leah A. Milne,2021-07-01 How does contemporary literature contend with the power and responsibility of authorship particularly

when considering marginalized groups How have the works of multiethnic authors challenged the notion that writing and authorship are neutral or universal In *Novel Subjects* Leah Milne offers a new way to look at multicultural literature by focusing on scenes of writing in contemporary works by authors with marginalized identities These scenes she argues establish authorship as a form of radical self care a term we owe to Audre Lorde who defines self care as self preservation and an act of political warfare In engaging in this battle the works discussed in this study confront limitations on ethnicity and nationality wrought by the institutionalization of multiculturalism They also focus on identities whose mere presence on the cultural landscape is often perceived as vindictive or willful Analyzing recent texts by Carmen Maria Machado Louise Erdrich Ruth Ozeki Toni Morrison and more Milne connects works across cultures and nationalities in search of reasons for this recent trend of depicting writers as characters in multicultural texts Her exploration uncovers fiction that embrace unacceptable or marginalized modes of storytelling such as plagiarism historical revisions jokes and lies as well as inauthentic invisible and unexceptional subjects These works ultimately reveal a shared goal of expanding the borders of belonging in ethnic and cultural groups and thus add to the ever evolving conversations surrounding both multicultural literature and self care
