have a chance But something alien is stirring in the depths of foldspace Something bigger than the squabbles between megacorporations and independents Foldspace visions are supposed to be a figment of the imagination At least that s what they teach in flight school Ben Benjamin knows it s not true Meeting a void dragon was bad enough but now there s the Nimbus to contend with Are the two connected Why do some ships transit the Folds safely and others disappear without a trace Page 4 of cover
