Crucified And Resurrected Restructuring The Grammar Of Christology:

Crucified and Resurrected Ingolf U. Dalferth, 2015-11-10 This major work now available in English is considered by many to be one of the finest and most significant contributions to modern Christology. Preeminent scholar and theologian Ingolf Dalferth argues for a radical reorientation of Christology for historical, hermeneutical and theological reasons. He defends an orthodox vision of Christology in the context of a dialogue with modernity, showing why the resurrection, not the incarnation, ought to be the central idea of Christological thinking. His proposal is both pneumatological and Trinitarian and addresses themes such as soteriology, the doctrine of atonement and preaching. *Crucified and Resurrected* INGOLF U. DALFERTH, 2021-06-15

The Grammar of Grace Rev. Kent Eilers, Ashley Cocksworth, Anna M. Silvas, 2019-06-11 This anthology is a collection of readings on the Christian life. They were carefully selected from every era of history and from across the spectrum of Christian traditions. They include letters, sermons, treatises and disputations, poems, songs and hymns, confessions, biblical commentary and even part of a novel. In each case, the subject is life with God, life in God, life for God, life infused and enlivened by God's grace. The editors introduce each selection, highlighting relevant aspects of the author's biography, spirituality and historical context. Introductions are also provided for the major eras of the church, which present theological, historical and cultural perspectives to help the reader best engage the selections. For individuals and groups, classrooms and seminars, this collection will generate dialogue between past and present and between traditions familiar and unfamiliar. It is not merely a book on the Christian life, but for the Christian life, making yesterday's witness to life with God a resource for the Church today.

In Accordance with the Scriptures John Behr, 2025-04-04 This book explores the shape of Christian theology when seen by beginning from the proclamation of the gospel in accordance with the Scriptures, that is, with the Scriptures, the Old Testament, unveiled in the light of the death and resurrection of Jesus Christ, rather than presuming the later framework of The Bible with its distinct two testaments. Drawing upon writings, iconography and the liturgical life of the church in the early centuries, John Behr shows how the mystery of Christ includes not only the head, the Lord Jesus Christ, but also the whole body of Christ, the church, born in the womb of the Virgin Mother. He also reveals how the scriptural arc from Adam to Christ is recapitulated in our own growth as human, from passively coming into being in mortality to our birth into life through death and deification. The shape that Christian theology takes as it develops in this way presents to us as Irenaeus puts it, the truth about God and the human being and how these are united in the one Christ, both head and body.

Toward a Priestly Christology Adriani Milli Rodrigues, 2018-11-02 *Toward a Priestly Christology* is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood. This priesthood is usually discussed in biblical scholarship on the Christology of Hebrews and also explored in historical or systematic theology with its connections with soteriology and ecclesiology. However, there is a scarcity of studies that attempt to systematize this topic in its basic components and their ontological foundations in order to provide conceptual clarity for a

constructive discussion of the priestly Christology in systematic theology The book makes a contribution to this discussion by engaging firstly with the main models of Christ's priesthood in Christian theology and then with a theological reading of the letter to the Hebrews In both steps the author conceptually articulates the priesthood in terms of need agent actions and goal Then he observes the conceptual articulation from the macro hermeneutical point of view of ontology especially noticing how assumptions on time and space impact the internal logic of Christ's priesthood By using existing models of this priesthood as heuristic tools for systematic thinking the work attempts to push Christian theology toward a more dynamic understanding of Christ's priesthood especially regarding the relationship between the ascended Christ and our Christian life **Faith,**

Hope, Love, and Justice Anselm K. Min, 2018-03-28 Faith hope and love traditionally called theological virtues are central to Christianity This book renews faith hope and love in the context of the many contemporary challenges in many unique ways It is an ecumenical collection of papers equally divided between Catholic and Protestant positions that seek to radically renew the classical doctrine of faith hope and love and argues for their essential connection to the praxis of justice It contains eight different approaches each represented by a distinguished theologian and addressing different aspects of the issues and followed by insightful and critical responses It does not merely seek to renew the theological virtues but to also reconstruct them in the demanding context of justice and the contemporary world nor is it simply a treatise on justice but a theoretical and practical reflection on justice as vital expressions of faith in God hope in God and love of God A non dogmatic and non ideological approach it accommodates both conservative and liberal positions and avoids the separation of the theological virtues from the demands of the contemporary world as well as the separation of justice talk from the theological context of faith hope and love It seeks above all to renew not merely repeat the classical doctrine of faith hope and love in the contemporary context of the urgency of justice and to do so ecumenically comprehensively and from a variety of perspectives and aspects **The Perspective of Resurrection** Petr Gallus, 2021-04-15 Because the Christian faith stands and falls with Jesus Christ Christology is at the heart of its theology Answering the question of Jesus Christ's identity is therefore urgent Petr Gallus attempts to do so by critically reflecting on tradition and articulating it for today Page 4 de la couverture

of our world today **The Humility of the Eternal Son** Bruce Lindley McCormack, 2021-09-16 This book is the first thoroughly Reformed version of kenotic Christology. It has the virtue of overcoming from within the logical aporia created by the Chalcedonian Definition without abandoning that Definition The Implicit Theology of the Lord's Prayer Jan Muis, 2021-01-15 The postmodern and secular culture of the West requires a new reflection on God. The Implicit Theology of the Lord's Prayer: A Biblical and Theological Investigation reflects on God on the basis of an original and central expression of the Christian faith, the Lord's Prayer. First, Jan Muis interprets the divine names central to this prayer in their biblical contexts. Next, Muis understands the divine attributes implied by these names from the biblical narrative of God's self-revealing actions and explains them in a contemporary framework. God's Name indicates his particular personal presence and encounter with human beings. The holiness of God's Name and the justice of his Kingship are more than just aspects of the love of the Father, the Son, and the Spirit. The Creator is not a human blown large in his companionship with humans; he remains the Exalted who lives both within and beyond created temporal reality. In the context of a secular age, Muis discusses in what sense this God exists.
