

A dolphin is captured mid-leap, emerging from the water on the right side of the frame. The background is a dramatic sunset scene with a bright sun low on the horizon, creating a long, shimmering reflection on the water's surface. The sky is filled with soft, golden clouds, and the overall color palette is dominated by warm tones of orange, yellow, and brown. The dolphin's body is sleek and curved, with its tail fluke visible as it cuts through the air.

topics and class activities **Patriarchy Inc.** Cordelia Fine, 2025-08-19 A razor sharp and quick witted analysis of why we need a new approach to fixing the gender inequality embedded in work. Work remains much as it always has: men occupy the vast majority of leadership roles and are overrepresented in positions from engineer to plumber. We see many jobs as male or female, with women dominating in healthcare and childcare professions. Pretending that this is the natural state of things or that instead both sexes should submit to working 24/7 is just not right. In *Patriarchy Inc.* Cordelia Fine examines with razor sharp and quick witted analysis why gender inequality is embedded in the workplace and why it has to change. Drawing on theories from evolutionary science, psychology, economics, and sociology, she examines two of the most prominent movements in the corporate world. The Different But Equal viewpoint espouses that women are in the jobs they want despite their lower status and salaries. In the meantime, DEI (Diversity, Equity, Inclusion) has become a slogan that emphasizes productivity and profit, not fair play. Fine shows how both are wrong and the bad effects on everyone when men are still stuck in traditional breadwinner roles and women are having to fight for their due. Offering perceptive and much needed insight into the current state of work, *Patriarchy Inc.* explores how we can get closer to achieving equality even if it means upturning business as usual.
