unconscious refusal of deep feeling in so many of our cultures need redress not only within scholarly analytical habits of mind but also in aging communal containers not adept at holding deep feeling without harm Ancient but new containers today webs of spiritual friendship and circle way communities of practice offer hope for new learning and formative encounters with difference toward an expressive delight able to companion the suffering of self and others Part memoir of a deep feeling academic part toolbox for the curiously contemplative A Companionable Way witnesses to the deeply rooted Sacred available to each of us in a return to the body devotion in conscious love and new ways of being human together across irreconcilable difference held gently in a patient and living wisdom particular to each but needed by all **Urgent Message from**

The Liminal and The Luminescent Terrill L. Gibson, 2021-12-21 Our world is bathed in ongoing biological political cultural climate and spiritual crises that seem endless If anything these disruptions appear to be spiraling into ever larger threat fronts that challenge our survival as a species Carl Gustav Jung renowned Swiss psychiatrist avowed in his archetypal psychology that there is a portal of transforming possibility if we have the courage to enter that doorway That threshold

entering demands that we embrace our individual and collective sufferings and then seek the path of meaning and destiny that is always resident deeply at the core of such trauma This book narrates how this destiny is found and lived forward for both each individual life and for our varied human cultures It affirms and gives examples of the deep soul dimension of life that lies under the often chaotic surface the liminal realm of animate and guiding dream vision myth and spirituality where the gods meet us so that we all can find our mutual way Home This liminal world is navigated through the metaphoric and literalness of pilgrimage performance and political processes in our personal and cultural lives What might be your path of destiny

SHE-Q Michele L. Takei, 2012-10-17 This book takes readers on a fascinating intellectual journey that showcases SHE Q as the next great emerging intelligence a force that can remake the world The hypothesis of SHE Q Why Women Should Mentor Men and Change the World is straightforward its potential enormous Females SHE Q declares are the superior whole brained empathic sex Society's failure to recognize that fact has caused women to labor under a limited male perspective skewing their knowledge capping their wisdom and separating them from Nature themselves and each other But it doesn't have to be that way Interweaving personal vignettes with broad based research the book marshals evidence from history science psychology and philosophy to underscore the validity of SHE Q It shows how the female brain works differently from the male brain better integrating the left and right hemispheres so that SHE Q transcends both IQ intelligence quotient and EQ emotional intelligence Laying out a new feminine based understanding of the way women and men think and behave author Michele Takei demonstrates how women can apply this new found knowledge to mentor the men in their lives and achieve true equality

Living on the Edge of the Edge Ruth Elizabeth Krall, Lisa Schirch, PhD, 2017-06-19 There are several divisive issues that separate Christian from Christian in the current century One issue is the church's management of clergy sexual abuses of children teens and adults A second is the issue of sexual gender orientation and church membership Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation In this book Professors Krall and Schirch disentangle and discuss these two issues They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices Throughout the book they apply Anabaptist Mennonite principles of peace making in situations of sexual violation Case studies are provided A feminist hermeneutic is applied Each letter essay is auto ethnographic in style the professional and the personal are deliberately blurred inside a framework of narrative and story Each essay is deeply rooted in its author's academic interests and in her personal life history This book can be a text in graduate and undergraduate classrooms It can also be used in denominational self study programs
