Cruel but Not Unusual Ramona Alaggia, Cathy Vine, 2006-04-21 Violence in families and intimate relationships affects a significant proportion of the population from very young children to the elderly Although no one is immune to violence some groups are particularly vulnerable **Cruel but Not Unusual Violence in Canadian Families** is the first book to offer a national survey of the latest research and practice and it reflects on the patriarchal roots and societal conditions in Canada that have led to the long standing abuse of women and children While feminist theories provide an overarching framework a broad range of approaches is offered to examine and respond to critical aspects of this serious social problem Topics include systemic oppression of Aboriginal families and communities violence in a francophone minority context child corporal punishment abuse in the lives of people with disabilities the objectification of older adults mother blaming intimate violence in same sex relationships and new approaches to solving the problem of violence in Canadian families **Cruel but Not**

Unusual Ramona Alaggia, Cathy Vine, 2013-05-21 Violence in families and intimate relationships affects a significant proportion of the population from very young children to the elderly with far reaching and often devastating consequences **Cruel but Not Unusual** draws on the expertise of scholars and practitioners to present readers with the latest research and thinking about the history conditions and impact of violence in these contexts For this new edition chapters have been updated to reflect changes in data and legislation New chapters include an examination of trauma from a neurobiological perspective a critical analysis of the gender symmetry debate a debate that questions the gendered nature of intimate violence and an essay on the history and evolution of the women s movement dedicated to addressing violence against women which advances theoretical developments that remind readers of the breadth of inclusivity that should be at the heart of working in this field *LGBTQ Intimate Partner Violence* Adam M. Messinger, 2020-05-14 Nationally representative studies confirm that LGBTQ individuals are at an elevated risk of experiencing intimate partner violence While many similarities exist between LGBTQ and heterosexual cisgender intimate partner violence research has illuminated a variety of unique aspects of LGBTQ intimate partner violence regarding the predictors of perpetration the specific forms of abuse experienced barriers to help seeking for victims and policy and intervention needs This is the first book that systematically reviews the literature regarding LGBTQ intimate partner violence draws key lessons for current practice and policy and recommends research areas and enhanced methodologies *Criminalizing Women, 2nd Edition* Gillian Balfour, Elizabeth Comack, 2021-01-10T00:00:00Z Criminalizing women has become all too frequent in these neo liberal times Meanwhile poverty racism and misogyny continue to frame criminalized women s lives **Criminalizing Women** introduces readers to the key issues addressed by feminists engaged in criminology research over the past four decades Chapters explore how narratives that construct women as errant females prostitutes street gang associates and symbols of moral corruption mask the connections between women s restricted choices and the conditions of their lives The book shows how women have been

surveilled disciplined managed corrected and punished and it considers the feminist strategies that have been used to address the impact of imprisonment and to draw attention to the systemic abuses against poor and racialized women In addition to updating material in the introductions and substantive chapters this second edition includes new contributions that consider the media representations of missing and murdered women in Vancouver s Downtown Eastside the gendered impact of video surveillance technologies CCTV the role of therapeutic interventions in the death of Ashley Smith the progressive potential of the Inside Out Prison Exchange Program and the use of music and video as decolonizing strategies

Women and Gendered Violence in Canada Chris Bruckert,Tuulia Law,2018-01-01 Violence against women is usually framed as an issue of interpersonal violence perpetuated by men While domestic violence and sexual assault are significant social problems such a narrow framing obscures the diversity of women s experience fails to illuminate the role social structures play and excludes discussions of workplace and state violence By drawing on a range of theoretical traditions emerging from feminism criminology and sociology *Women and Gendered Violence in Canada* significantly expands the conversation on violence against women The first section of the book develops the conceptual and contextual framework that informs the remainder of the text and the following three sections are organized around types of victimization interpersonal labour site and state Each chapter ends with lists of suggested activities and first person narratives are integrated throughout to personalize the material and issues being examined

Putting Family First Harald Bauder,2019-05-01 When migrants reach their new home we often interpret their settlement and integration as an individual process driven largely by the labour market But family plays a crucial role *Putting Family First* is the fruit of a four year academic community partnership to investigate the experience of immigrant families settling in Greater Toronto Contributors explore the integration trajectory of immigrant families from newcomers initial reception to their deep involvement in and attachment to their receiving society Chapters examine the interrelated themes of the policy environment children and youth gender labour markets and work and community supports making insightful connections between concepts such as neoliberalism resilience and social capital *Putting Family First* applies rigorous academic research to solve practical problems illustrating how the family context can be mobilized to facilitate the successful integration of newcomers and offering important guidance to practitioners and policy makers in Canada and beyond
