Day And Night On The Sufi Path:

Day and Night on the Sufi Path Charles Upton, 2015-06-14 The first textbook of Sufism is the Qur'an there is no principle of Tasawwuf that cannot be traced back to the Holy Book The Sufis read the Qur'an for its inner meaning but they do not claim this is the only meaning The clear legal rulings the moral exhortations and warnings of the Book are not abrogated by the batini tafsir inner exegesis of the Sufis but neither can the Noble Qur'an be limited to its legal and moral dimensions If all the seas were ink for the tafsir of the Qur'an they would be exhausted twice over before all its meanings were unveiled Inner and outer co exist within the Book depend upon each other and inform each other in the words of the Surah Ha Mim Sajdah I will show them My signs on the horizons and in their own souls until they are satisfied that this is the Truth Is it not enough for you that I am Witness over all things Q 41 53 The Sufi Path insha Allah has the power to place one in the near Presence of Allah a Presence which whether or not we are always conscious of it alchemizes the Heart The changes the Heart undergoes by the power of this Presence have been recorded by the Sufis over many centuries and some of the operative laws behind these changes discerned and defined This book contains only one small drop from that vast ocean of knowledge it attempts to define a number of the spiritual states and transformations of the self often encountered over the course of the Path but as the author's own shaykh reminds his followers in reality there is only one state Allah This is simply the best and most profound book on Sufism that I have encountered Andrew Harvey author of The Hope A Guide to Sacred Activism Charles Upton is a serious thinker from whom I have learned much His writing merits close attention Huston Smith author of The World's Religions This challenging book demands all our attention and for those willing to make the effort there is much to be learned Charles Upton has pondered deeply the themes he examines He has engaged not just intellectually but with his heart in the alchemy that transforms the self You may well keep this book at hand to be tasted from time to time comparing the steps of this spiritual traveler to your own Kabir Helminski Mevlevi Shaikh and Sufi author Charles Upton is an oasis of spirituality in a parched desert of secularism In a world desiccated by materialism greed envy and egotism where virtues are viewed as vices and vices as virtues Day and Night on the Sufi Path provides desperately needed access to a soul saving spiritual source Well versed in the inner and outer dimensions of Islam Upton exemplifies the balance between the esoteric and the exoteric His Sufism while sublime is rooted in the realities of our time John Andrew Morrow author of The Covenants of the Prophet Muhammad with the Christians of the World In Day and Night on the Sufi Path Charles Upton provides us with a lucid glimpse of one of the spiritual paths to God in Islam Classical Sufi teachings on the soul spiritual practice states and stations and potential dangers are discussed with eloquence and rigor in a manner that is true to the tradition and relevant to the time we are in This work is at once philosophical and poetic systematic and with flashes of original inspiration that can only come from someone conversant in both the theoretical and practical dimensions of tasawwuf It is a faithful reflection of the Divine Light that has captured the author's attention and may help to illuminate

Abū l-Ḥasan al- Sīrġānī, 2012-05-11 This work is a critical Arabic text edition of K al Bayad wa l sawad min khasa is hikam al ibad fi na t al murid wa l murad a substantial Sufi handbook of early Sufism Salvation of the Soul and Islamic Devotion M. A. Quasem, 2023-05-31 First Published in 1983 Salvation of the Soul and Islamic Devotion demonstrates that salvation is a central concept of the religion of Islam even though its meaning causes and results according to Islam may differ from what is taught by Christianity and other world religions The first chapter of the book presents the Islamic doctrine of salvation as set forth in the Quran and prophetic tradition The meaning of salvation is explored and the means to it on both human and divine sides are considered with special emphasis upon Islamic devotions The remaining eight chapters deal with both obligatory and supererogatory devotions prescribed by Islam concentrating on the methods of their correct performance on which salvation is largely dependent The material used in this book has been derived entirely from the original Islamic sources written in Arabic Efforts are made to make the book useful to both Muslim and non Muslim readers of English interested in the Islamic theory of salvation and acts of devotion **Arabic Disclosures** Muhsin J. al-Musawi, 2022-06-15 Arabic Disclosures presents readers with a comparative analysis of Arabic postcolonial autobiographical writing In Arabic Disclosures Muhsin J al Musawi investigates the genre of autobiography within the modern tradition of Arabic literary writing from the early 1920s to the present Al Musawi notes in the introduction that the purpose of this work is not to survey the entirety of autobiographical writing in modern Arabic but rather to apply a

rigorously identified set of characteristics and approaches culled from a variety of theoretical studies of the genre to a particular set of autobiographical works in Arabic selected for their different methodologies varying historical contexts within which they were conceived and written and the equally varied lives experienced by the authors involved The book begins in the larger context of autobiographical space where the theories of Bourdieu Bachelard Bakhtin and Lefebvre are laid out and then considers the multiple ways in which a postcolonial awareness of space has impacted the writings of many of the authors whose works are examined Organized chronologically al Musawi begins with the earliest modern example of autobiographical work in h usayn s book translated into English as *The Stream of Days* Al Musawi studies some of the major pioneers in the development of modern Arabic thought and literary expression Jurj Zayd n M k l Nu aymah A mad Am n Sal mah M s Sayyid Qu b and untranslated works by the prominent critic and scholar amm d amm d the novelist liah Mamd and others He also examines the autobiographies of a number of women including Naw l al Sa d w and Fadw q n and fiction writers The book draws a map of Arab thought and culture in its multiple engagements with other cultures and will be useful for scholars and students of comparative literature Arabic studies and Middle Eastern studies intellectual thought and history

Rumi and the Whirling Dervishes Alberto Fabio Ambrosio, 2019-12-31 This brings together in English for the first time a number of articles in one volume that have been published in various books and journals and are reprinted with permission Through this work Rumi and his poetry as well as the whirling dervishes will hopefully become more widely known in Western countries than they are at present The whirling dervishes are famous for their ecstatic dance and but here it is hoped that their role within Sufism will become more clearly understood The book is an attempt to suggest a renewed manner of thinking about one of the most celebrated trends in the mystical dimension of the Islam the religion of love of Rumi and the cosmic dance of the dervishes The theology is at the back of all the itinerary and the all five chapters represent the possibility to rethink the dynamic relation between disciples and their Founder institution and charisma politics and mysticism

Sufism in Ottoman Egypt Rachida Chih, 2019-04-17 This book analyses the development of Sufism in Ottoman Egypt during the seventeenth and eighteenth centuries Examining the cultural socio economic and political backdrop against which Sufism gained prominence it looks at its influence in both the institutions for religious learning and popular piety The study seeks to broaden the observed space of Sufism in Ottoman Egypt by placing it within its imperial and international context highlighting on one hand the specificities of Egyptian Sufism and on the other the links that it maintained with other spiritual traditions that influenced it Studying Sufism as a global phenomenon taking into account its religious cultural social and political dimensions this book also focuses on the education of the increasing number of aspirants on the Sufi path as well as on the social and political role of the Sufi masters in a period of constant and often violent political upheaval It ultimately argues that starting in medieval times Egypt was simultaneously attracting foreign scholars inward and transmitting ideas outward but these exchanges intensified during the seventeenth and eighteenth centuries as a result of

the new imperial context in which the country and its people found themselves Hence this book demonstrates that the concept of neosufism should be dispensed with and that the Ottoman period in no way constituted a time of decline for religious culture or the beginning of a normative and fundamentalist Islam Sufism in Ottoman Egypt provides a valuable contribution to the new historiographical approach to the period challenging the prevailing teleology As such it will prove useful to students and scholars of Islam Sufism and religious history as well as Middle Eastern history more generally
