Designing The Secret Of Kells:

Designing the Secret of Kells Tomm Moore, Cartoon Saloon (Firm), 2014 Ireland and the Reception of the Bible
Bradford A. Anderson, Jonathan Kearney, 2018-04-19 Drawing on the work of leading figures in biblical religious historical and cultural studies in Ireland and beyond this volume explores the reception of the Bible in Ireland focusing on the social and cultural dimensions of such use of the Bible This includes the transmission of the Bible the Bible and identity formation engagement beyond Ireland and cultural and artistic appropriation of the Bible The chapters collected here are particularly useful and insightful for those researching the use and reception of the Bible as well as those with broader interests in social and cultural dimensions of Irish history and Irish studies The chapters challenge the perception in the minds of many that the Bible is a static book with a fixed place in the world that can be relegated to ecclesial contexts and perhaps academic study Rather as this book shows the role of the Bible in the world is much more complex Nowhere is this clearer than in Ireland with its rich and complex religious cultural and social history This volume examines these very issues highlighting the varied ways in which the Bible has impacted Irish life and society as well as the ways in which the cultural specificity of Ireland has impacted the use and development of the Bible both in Ireland and further afield Screening Contemporary Irish Fiction and Drama Marc C. Conner, Julie Grossman, R. Barton Palmer, 2022-09-16 In this book each chapter explores significant Irish texts in their literary cultural and historical contexts With an introduction that establishes the multiple critical contexts for Irish cinema literature and their adaptive textual worlds the volume addresses some of the most popular and important late 20th Century and 21st Century works that have had an impact on the Irish and global cinema and literary landscape A remarkable series of acclaimed and profitable domestic productions during the past three decades has accompanied while chronicling Ireland's struggle with self identity national consciousness and cultural expression such that the story of contemporary Irish cinema is in many ways the story of the young nation's growth pains and travails Whereas Irish literature had long stood as the nation's foremost artistic achievement it is not too much to say that film now rivals literature as Ireland's key form of cultural expression The proliferation of successful screen versionings of Irish fiction and drama shows how intimately the contemporary Irish cinema is tied to the project of both understanding and complicating even denying a national identity that has undergone radical change during the past three decades This present volume is the first to present a collective accounting of that productive synergy which has seen so much of contemporary Irish literature transferred to the screen *Composition for the 21st 1/2 century, Vol 2* Thomas Paul Thesen, 2022-06-29 Composition for the 21st 1 2 century Characters in Animation focuses on characters and their application in animation illustration games and films It covers various technical aspects of character design and their artistic applicability This book analyzes in detail the purpose of these character design features and provides examples of their impact Emphasis is placed on each aspect and how it affects and is affected by the narrative Additionally complex case studies that assist in explaining the successful use of these concepts in

films and animation are included This book is geared toward students however it is also reader friendly for professionals

Composition for the 21st Century Characters in Animation s goal is to comprehend composition as an artistic tool and as a significant part of the professional character design process

Key Features Teaches the complexity of composition in the professional character design process Closes the gap between praxis and theory in character design Explains how to produce believable characters that express their narrative in the visuals Discusses the need for artistic reasoning in character design Presents case studies to assist readers in understanding the process as they progress through this book

Author Bio For more than twenty years Thomas Paul Thesen s career has been about learning and understanding the complexities of art animation and image making both in still illustration drawing and photography and in the moving image He has worked in the industry as a character animator and visual development artist for companies such as Pixar DreamWorks and Sprite Animation Studios He has also taught for many years at universities across Asia the USA and the UK

Mastering Character Design

Caroline Hu,2025-09-05 This book is a comprehensive guide for artists looking to master character design no matter their chosen style It offers practical insights into the core principles used in animated projects helping you understand how to accurately draw and construct shapes as well as the key elements of design The content covers not only human anatomy but also extends to animal forms offering strategies to depict both with precision and expression You ll learn how to draw essential features like eyes lips hands and legs both for humans and animals while also delving into the way shapes convey musculature from various perspectives The book emphasizes the importance of shape and size variation and how to achieve a strong clear silhouette Above all this book teaches you how to draw with intent and purpose It focuses on making thoughtful decisions about each line to ensure clarity and informativity while also guiding you in creating designs that are dynamic and full of life With these skills you ll be able to design characters with intention and draw them in a way that feels both effective and engaging

On Animation Ron Diamond,2019-09-24 Be a fly on the wall as industry leaders Bill Kroyer and Tom Sito take us through insightful face to face interviews revealing in these two volumes the journeys of 23 world class directors as they candidly share their experiences and personal views on the process of making feature animated films The interviews were produced and edited by Ron Diamond Your job is not to be the one with the answers You should be the one that gets the answers That s your job You need to make friends and get to know your crew These folks are your talent your bag of tricks And that s where you re going to find answers to the big problems

Andrew Stanton It s hard Yet the pain you go through to get what you need for your film enriches you and it enriches the film

Brenda Chapman Frank and Ollie always used to say that great character animation contains movement that is generated by the character s thought process It can t be plain movement

John Lasseter The beauty of clay is that it doesn t have to be too polished or too smooth and sophisticated You don t want it to be mechanical and lifeless

Nick Park The good thing about animation is that tape is very cheap Let the actor try things This is where animation gets to play with spontaneity You want to capture that line as it has never been said before

And most likely if you asked the actor to do it again he or she just can't repeat that exact performance But you got it Ron Clements

Film Landscapes of Global Youth Stuart C. Aitken, Jacob Rowlett, 2024-04-22 This book explores the dynamic landscapes of global youth through spatially grounded chapters focused on film and media It is a collection of incredible works concerning children and young people in and through media as well as an examination of what is possible for the future of research within the intersections of geography film theory and children's studies It contains contributions from leading academics from anthropology sociology philosophy art film and media studies women and gender studies Indigenous studies education and geography with chapters focused on a spatial area and the representations and relationships of children in that area through film and media The insights presented also provide a unique and eclectic perspective on the current state of children's research in relation to the ever-changing media landscape of the 21st century *Film Landscapes of Global Youth* approaches the subjects of children and young people in film and media in a way that is not bound by genre format medium or the on/off screen binary Each chapter offers an insightful look at the relationships and portrayals of children and young people in relation to a specific country culture or geographic feature This book is a must read for anyone interested in the intersections between geography young lives and the power of film television social media content creation and more
