*Studies in Intelligence*, 2016 *Post Wall, Post Square* Kristina Spohr, 2020-03-24 A landmark global history that makes us rethink how the Cold War ended and our present era was born This book offers a bold new interpretation of the revolutions of 1989 showing how a new world order was forged without major conflict Based on extensive archival research Kristina Spohr attributes this in large measure to determined diplomacy by a handful of international leaders who engaged in tough but cooperative negotiation to reinvent the institutions of the Cold War She offers a major reappraisal of George H W Bush and innovative assessments of Mikhail Gorbachev and Helmut Kohl as well as Margaret Thatcher and François Mitterrand But she argues Europe's transformation must be understood in global context By contrasting events in Berlin and Moscow with the brutal suppression of the pro democracy movement in Beijing the book reveals how Deng Xiaoping pushed through China's very different Communist reinvention Here is an authoritative yet highly readable exploration of the crucial hinge years of 1989 1992 and their consequences for today's world

**The Secret Founding of America** Nicholas Hagger, 2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 *The Secret Founding of America* introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues

that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America s history from Civil War to today s global struggles for democracy
