Deutschland Germany 2016:

OECD Economic Surveys: Germany 2016 OECD,2016-04-05 This 2016 OECD Economic Survey of the Germany examines recent economic developments policies and prospects The special chapters cover Boosting investment performance and Raising well being in Germany s aging society **OECD Environmental Performance Reviews: Germany 2023**

OECD,2023-05-08 Germany has continued to improve its environmental performance over the past decade It has ambitious climate targets with the aim to reach climate neutrality by 2045 and achieve negative emissions after 2050 Cybersecurity in Germany Martin Schallbruch,Isabel Skierka,2018-07-20 In 2016 Germany s government presented its third cybersecurity strategy which aims to strengthen the national cyber defence architecture cooperation between the state and industry and individual users agency For many years Germany has followed adopted a preventive and engineering approach to cybersecurity which emphasizes technological control of security threats in cyberspace over political diplomatic and military approaches Accordingly the technically oriented Federal Office for Information Security BSI has played a leading role in Germany s national cybersecurity architecture Only in 2016 did the military expand and reorganize its cyber defence capabilities Moreover cybersecurity is inextricably linked to data protection which is particularly emphasised in Germany and has gained high public attention since Edward Snowden s revelations On the basis of official documents and their insights from many years of experience in cybersecurity policy the two authors describe cyber security in Germany in the light of these German peculiarities They explain the public perception of cybersecurity its strong link with data protection in Germany the evolution of Germany s cybersecurity strategies and the current organisation of cybersecurity across the government and industry The Brief takes stock of past developments and works out the present and future gaps and priorities in Germany s cybersecurity policy and strategy which will be decisive for Germany s political role in Europe and beyond This includes the cybersecurity priorities formulated by the current German government which took office in the spring of 2018 **Multiculturalism and the Nation in Germany** Paul Carls,2022-08-31 Multiculturalism and the Nation

in Germany A Study in Moral Conflict examines the new debates surrounding matters of multiculturalism immigration and national identity in Germany in the wake of the 2015 Refugee Crisis Arguing that contemporary disputes are centered around four moral ideals or ideal visions of the German community it draws upon the thought of mile Durkheim to identify the role of the sacred in political conflict The book argues that at the heart of each moral ideal is a sacred object that legitimates specific policies and behaviors and that attempts to realize moral ideals lead to conflicts involving free speech German Memory Culture inner party rivalries and political violence that go to the very essence of what it means to be German The book includes a ground breaking theoretical reworking of Durkheim s sociology which it applies to the study of power and politics as well as to debates in political philosophy This volume will appeal to scholars across disciplines with interests in political sociology comparative politics social and political theory and questions of citizenship national identity and belonging

Human Rights, Democracy, and Legitimacy in a World of Disorder Silja Voeneky, Gerald L. Neuman, 2018-10-11 Human Rights Democracy and Legitimacy in a World of Disorder brings together respected scholars from diverse disciplines to examine a trio of key concepts that help to stabilize states and the international order While used pervasively by philosophers legal scholars and politicians the precise content of these concepts is disputed and they face new challenges in the conditions of disorder brought by the twenty first century This volume will explore the interrelationships and possible tensions between human rights democracy and legitimacy from the philosophical legal and political perspectives as well as the role of these concepts in addressing particular problems such as economic inequality catastrophic risks posed by new technologies access to health care regional governance and responses to mass migration Comprising essays arising from an interdisciplinary symposium convened at Harvard Law School in 2016 this volume will examine how these trusted concepts may bring order to the global community

Anti-money Laundering Law: Socio-legal Perspectives on the Effectiveness of German Practices Verena Zoppei, 2017-07-18 In the aftermath of recent multiple leaks such as the Panama Papers the Swiss leaks the Lux leaks and the Bahama leaks this book offers an interesting view on the underlying conflicting interests that impede the adoption of more effective legislation to stop money laundering by way of the financial system The central position of the book is that the declared goals underlying the criminalization of money laundering have not been fulfilled The effectiveness of the anti money laundering regime in Germany is assessed by examining the indirect effects collateral consequences and positive interpretations of the law in action and of the law inaction reducing the issue to a question of symbolic effectiveness does not reflect the complexity of the matter What is demonstrated is that the goals attributed to the regime were too ambitious and that a lower degree of effectiveness has been accepted in order to balance the inherent political economic and financial conflicting interests Unlike other volumes focusing on this issue this book deals with the implementation of the legislation and the consequences thereof and is primarily aimed at legal sociologists sociology of law researchers criminal lawyers criminologists with an interest in white collar crime and political scientists studying measures against illicit financial flows and the concrete implementation of anti money laundering laws The book will be of interest to both international policymakers and consultants as well as their counterparts in Germany for instance working on improving the instruments to fight organized crime and prevent the financing of terrorism through money laundering The complexity of the anti money laundering regime and all the variables are exhaustively and critically reviewed in the assessment thereby providing complete instructions for future legislative steps The case study regarding the situation in Germany maximizes readers insights into concrete effects of the implementation of international anti money laundering standards at a national level and the opinions of professionals working in the field and of experts on the law making process are also illuminating Moreover the book equips non German speakers with the information needed to deal with the extensive German legal scholarly production on article 261 of the German criminal code and the current internal political debate on the matter Verena Zoppei

is a Fellow Researcher at the International Security Division of the German Institute for International and Security Affairs in Berlin Specific to this book Broadens your understanding of the complexity of the anti money laundering regime Provides complete instructions for future legislative steps Offers a qualitative and multidisciplinary approach of the money laundering offence Also equips non German readers speakers with a handle on the extensive German legal scholarly production on article 261 of the German criminal code This is Volume 12 in the International Criminal Justice Series **Hamburg's Entrepreneurial Ecosystem And The Next Media Initiative** Moritz Philip Recke, 2019-02-26 Entrepreneurship more specifically the formation of tech startups is often attributed with economic growth and job creation due to their high growth potential by many policy makers around the world This link is widely debated in scientific literature which does not necessarily seem to inform public policy The City of Hamburg established a Next Media Initiative focusing on media and IT industry related innovation to nurture the future development of this industry cluster with the help of high growth ventures This master thesis explores the composition of Hamburg s entrepreneurial ecosystem local government efforts to facilitate its development and the disconnect between municipal innovation policy and academic literature **Soldiers of a Different God** Christopher Othen, 2018-08-15 The untold story of how an unlikely anti Islamic alliance of gay activists feminists fascists evangelical Christians populist politicians and surfing rabbis from California fuelled the rise of the hard right across Europe and gave us President Donald J Trump Germany Today Christiane Lemke, Helga A. Welsh, 2017-12-01 This book analyzes the major post unification developments that have tested and shaped the new Germany from a multilevel perspective The authors argue that domestic transformation and a heightened role in international politics are consequences often unintended of unification Europeanization and globalization Informed by the authors intimate knowledge of Germany this book offers a comprehensive in depth analysis of a pivotal global player at a critical economic political social and environmental juncture **Germany and the European Union** Simon Bulmer, William E. Paterson, 2018-11-08 Winner of the UACES Best Book Prize 2020 The jury commented It is impossible to study or understand European integration without understanding Germany s role and place in this This book is therefore a must read This new textbook offers a path breaking interpretation of the role of the European Union s most important member state Germany Analyzing Germany s domestic politics European policy relations with partners and the resultant expressions of power within the EU the text addresses such key questions as whether Germany is becoming Europe s hegemon and if Berlin s European policy is being constrained by its internal politics The authors both leading scholars in the field situate these questions in their historical context and bring the subject up to date by considering the centrality of Germany to the liberal order of the EU over the last turbulent decade in relation to events including the Eurozone crisis and the 2017 German federal election This is the first comprehensive and accessible guide to a fascinating relationship that considers both the German impact on the EU and the EU s impact on Germany This book is the ideal companion for undergraduate and postgraduate students who are studying the European

Union or German Politics from the perspectives of disciplines as wide ranging as Politics European Union Studies Area Studies Economics Business and History It is also an essential resource for all those studying or practicing EU policy making and communication
