Packed with diagrams, tools and tips, it cuts through the complex mass of technical data and legislation that faces the designer and distils all the key guidance into a single reference that is quick, easy to use and points to the facts, figures and performance data that are most important. This 2nd edition is now fully up to date with the latest Building Regulations Part L and F legislation, England and Wales RIBA Plan of Work 2013, new information on the Green Deal and Zero Carbon and contains revised references and further reading sections throughout. Whether used in the classroom, office or on site, the book guides the designer through the entire process from the fundamentals to the building details.
