South Africa Recent Economic and Political Developments Yearbook - Strategic Information and Developments IBP, Inc., 2018-03-31 2011 Updated Reprint Updated Annually South Africa Recent Economic and Political Developments Yearbook **Precarious Power** Susan Booysen, 2021-02-01 An incisive analysis of South Africa's ANC power as party as government as state South Africa's African National Congress ANC is in decline its hegemony has been weakened its legitimacy diluted President Cyril Ramaphosa's appointment suspended the ANC's electoral decline it also heightened internal tensions between those who would deepen its acquired status as corrupt and captured and those who would remodel it as redeemable These are the incontrovertible knowns of South African politics what will evolve from this is less certain In **Precarious Power** renowned political scientist Susan Booysen uses in depth research and analysis to distill that which is bound to shape South Africa's political future Booysen focuses on contradictory party politics and internal ANC dissent that is veiled for the sake of retaining an electoral following Also exposed is the incongruous populist policymaking protest politics and the use of soft law to ensure it does not alienate angry citizens fueling further discontent and protest The ANC's power has become exceedingly precarious **Precarious Power** is the name of the political game for the foreseeable future The comprehensive analysis in **Precarious Power** will appeal not only to political scientists and postgraduate students but to all who take a keen interest in current affairs **Prisoners of the Past** Steven Friedman, 2021-06-01 Building on the work of economic historian Douglass North and Ugandan political scholar Mahmood Mamdani Friedman argues that the difficulties besetting South African democracy are legacies of the past not products of the post 1994 era South Africa's democracy is often seen as a story of bright beginnings gone astray a pattern said to be common to Africa The negotiated settlement of 1994 it is claimed ended racial domination and created the foundation for a prosperous democracy but greedy politicians betrayed the promise of a new society In **Prisoners of the Past** Steven Friedman astutely argues that this misreads the nature of contemporary South Africa Building on the work of the economic historian Douglass North and the political thinker Mahmood Mamdani Friedman shows that South African democracy's difficulties are legacies of the pre 1994 past The settlement which ushered in majority rule left intact core features of the apartheid economy and society The economy continues to exclude millions from its benefits while racial hierarchies have proved stubborn apartheid is discredited but the values of the pre 1948 colonial era the period of British colonization still dominate Thus South Africa's democracy supports free elections civil liberties and the rule of law but also continues past patterns of exclusion and domination Friedman reasons that this path dependence is not as is often claimed the result of constitutional compromises in 1994 that left domination untouched This bargain was flawed because it brought not too much compromise but too little Compromises extended political citizenship to all but there were no similar bargains on economic and cultural change Using the work of the radical sociologist Harold Wolpe Friedman shows that only negotiations on a new economy and society can free South

Byrd, 2020-10-13 A revelatory and informative presentation of the anti-apartheid posters created by Medu Art Ensemble Formed in the late 1970s Medu Art Ensemble forcefully articulated a call to end the apartheid system's racial segregation and violent injustice through posters that combined revolutionary imagery with bold slogans Advocating for decolonization and majority nonwhite rule in South Africa and neighboring countries Medu members were persecuted by the South African Defense Force and operated in exile across the border in Botswana The *People Shall Govern* features nearly all the surviving posters that Medu created between 1979 and 1985 These objects are exceedingly rare as they were originally smuggled into South Africa and mounted in public places where they were regularly confiscated or torn down on sight Offering new insight into the conceptual framework of Medu's working practice and featuring a beautiful silkscreened cover this volume examines the continuing relevance and impact of its poster production

Dear Comrade President André Odendaal, 2022-08-01 In his annual presidential address on 8 January 1986 ANC president Oliver Tambo called on South Africans to make apartheid ungovernable through armed action and militant struggle But unknown to the world on that very day the quiet-spoken mathematics teacher and aspirant priest turned reluctant revolutionary had also set up a secret think tank in Lusaka which he named the Constitution Committee giving it an ad hoc unique exercise that had no precedent in the history of the movement Knowing that all wars end at a negotiating table and judging the balance of forces to be moving in favour of the liberation movement Tambo wanted the ANC to hold the initiative after the fall of apartheid Assisted by Pallo Jordan he instructed his new think tank to formulate the principles and draft the outlines of a constitution that could unite South Africa when the time came to talk in the fledgling days of freedom and democracy The seven-member team including Albie Sachs Kader Asmal and Zola Skweyiya started deliberating and reporting to Tambo In correspondence they typically addressed him as Dear Comrade President Drawing on the personal archives of participants *Dear Comrade President* explains how the purposeful first steps were taken in the making of South Africa's Constitution Why and how did this process happen What were the first written words When and where were they put on paper By whom What values did they espouse And how did the committee's work fit into the broader struggle This book
