

Desire For Origins New Languages Old English And Teaching And Tradition

John Barry Marino

Desire For Origins New Languages Old English And Teaching And Tradition:

Desire for Origins Allen J. Frantzen, 1990 To many folks the study of Old English language and literature may seem dull moribund rarefied and largely irrelevant a subject only of concern to concern only to musty old academics in the ivory tower Frantzen doesn't directly try to argue against this perception instead he tries to investigate why this perception exists His answer is an insightful and eye opening investigation into the relationship among scholarship ideology and cultural relevance

The Experience of Education in Anglo-Saxon Literature Irina Dumitrescu, 2018-01-25 Anglo Saxons valued education yet understood how precarious it could be alternately bolstered and undermined by fear desire and memory They praised their teachers in official writing but composed and translated scenes of instruction that revealed the emotional and cognitive complexity of learning Irina Dumitrescu explores how early medieval writers used fictional representations of education to explore the relationship between teacher and student These texts hint at the challenges of teaching and learning curiosity pride forgetfulness inattention and despair Still these difficulties are understood to be part of the dynamic process of pedagogy not simply a sign of its failure The book demonstrates the enduring concern of Anglo Saxon authors with learning throughout Old English and Latin poems hagiographies histories and schoolbooks Fossil Poetry Chris Jones, 2018-08-08 Fossil Poetry provides the first book length overview of the place of Anglo Saxon in nineteenth century poetry in English It addresses the use and role of Anglo Saxon as a resource by Romantic and Victorian poets in their own compositions as well as the construction and invention of Anglo Saxon in and by nineteenth century poetry Fossil Poetry takes its title from a famous passage on early language in the essays of Ralph Waldo Emerson and uses the metaphor of the fossil to contextualize poetic Anglo Saxonism within the developments that had been taking place in the fields of geology palaeontology and the evolutionary life sciences since James Hutton's apprehension of deep time in his 1788 *Theory of the Earth* Fossil Poetry argues that two roughly consecutive phases of poetic Anglo Saxonism took place over the course of the nineteenth century firstly a phase of constant roots whereby Anglo Saxon is constructed to resemble and so to legitimize a tradition of English Romanticism conceived as essential and unchanging secondly a phase in which the strangeness of many of the extinct philological forms of early English is acknowledged and becomes concurrent with a desire to recover and recuperate the fossils of Anglo Saxon within contemporary English poetry The volume advances new readings of work by a variety of poets including Walter Scott Henry Longfellow William Wordsworth William Barnes Walt Whitman Ralph Waldo Emerson William Morris Alfred Tennyson and Gerard Hopkins **The Grail Legend in Modern Literature** John Barry Marino, 2004 The Grail legends have in modern times been appropriated by a number of different scholarly schools of thought their approaches are analysed here This study shows how modern including postmodern adaptations of the Grail legend correspond to trends in the scholarly community and how the legend has been appropriated by competing world views There are three parallel trends in Grail scholarship and modern adaptations of the legend controversy over Christian or pagan origins secularization

by way of humanism and esoteric mysticism These three trends reflect movements in popular culture Relativism and multiculturalism influence Christian pagan cultural conflict in the adaptations Mythographers maintain the legend's appeal in a humanist culture by considering the Grail metaphor rather than material actuality modern adaptations then transform the Grail from a particularly Christian symbol to one with universal application in an increasingly secular society Modern esoteric spiritualities allow the Grail actuality with flexible meaning This study then demonstrates how the Grail legend is transformed and adapted from medieval to modern cultures and continues to evolve today JOHN B MARINO is adjunct instructor Maryville University and Saint Louis University

Routledge Revivals: Medieval England (1998) Paul E. Szarmach, M. Teresa Tavormina, Joel T. Rosenthal, 2017-07-05 First published in 1998 this valuable reference work offers concise expert answers to questions on all aspects of life and culture in Medieval England including art architecture law literature kings women music commerce technology warfare and religion This wide ranging text encompasses English social cultural and political life from the Anglo Saxon invasions in the fifth century to the turn of the sixteenth century as well as its ties to the Celtic world of Wales Scotland and Ireland the French and Anglo Norman world of the Continent and the Viking and Scandinavian world of the North Sea A range of topics are discussed from Sedulius to Skelton from Wulfstan of York to Reginald Pecock from Pictish art to Gothic sculpture and from the Vikings to the Black Death A subject and name index makes it easy to locate information and bibliographies direct users to essential primary and secondary sources as well as key scholarship With more than 700 entries by over 300 international scholars this work provides a detailed portrait of the English Middle Ages and will be of great value to students and scholars studying Medieval history in England and Europe as well as non specialist readers

Medievalia Et Humanistica No. 27 Paul Maurice Clogon, 2000 Clogon English U North Texas and fellow of the American Academy in Rome has brought together five articles that consider the question of reading and the reader in the Roman de la Rose The Wife's Lament the Pearl the work of Jean Gerson Christine de Pizan and the Iberian writer and scholar Don Ishaq Abravanel The last third of the volume contains reviews c Book News Inc

Double Agents Claire A Lees, Gillian R. Overing, 2009-07-15 First printed in 2001 by the University of Pennsylvania Press this book has been out of print for several years and is highly sought after by researchers in the field of Medieval cultural studies Double Agents was the first book length study of women in Anglo Saxon written culture that took on board the insights of contemporary critical theory especially feminist theory in order to elucidate the complex challenges of both the absence and presence of women in the historical record That is to say unlike the two earlier books on women in this period by Fell 1984 and by Chance 1986 this is not a book about only those women in the written record whether we think of it as historical or literary of Anglo Saxon England it also tackles the question of how the feminine is modelled used and metaphorised in Anglo Saxon texts even when women themselves are absent This book spans the entire Anglo Saxon period from Aldhelm and Bede in the earliest centuries to Alfric and the anonymous homilists and hagiographers of the later tenth and eleventh centuries it

draws on Anglo Saxon vernacular texts as well as Latin ones and on those works most familiar to literary scholars such as the Exeter Book Riddles or Cadmon's Hymn the first so called poem in English or the female Lives of Saints as well as historians wills charters the cult of relics it deliberately reconsiders from the perspective of gender and women's agency some of the key conceptual issues that studying Anglo Saxon England presents the relation of orality to literacy that of poetry and sanctity to belief and the cultural significance of names naming and metaphors in Anglo Saxon writing **Beowulf and the Dragon** Christine Rauer, 2000 The analogues discussed are presented with facing translations and detailed bibliographies

BOOK JACKET *Etymology and the Invention of English in Early Modern Literature* Hannah Crawforth, 2013-11-07 How did authors such as Jonson Spenser Donne and Milton think about the past lives of the words they used Hannah Crawforth shows how early modern writers were acutely attuned to the religious and political implications of the etymology of English words She argues that these lexically astute writers actively engaged with the lexicographers Anglo Saxonists and etymologists who were carrying out a national project to recover or invent the origins of English at a time when the question of a national vernacular was inseparable from that of national identity English words are deployed to particular effect as a polemical weapon allegorical device coded form of communication type of historical allusion or political tool Drawing together early modern literature and linguistics Crawforth argues that the history of English as it was studied in the period radically underpins the writing of its greatest poets *Class and Gender in Early English Literature* Britton J. Harwood, Gillian R. Overing, 1994 The essays focus on class and gender not only sheds new light on old texts but also stretches the boundaries of the critical modus operandi which is often applied to such literature Women's Studies Network UK Association Newsletter These dramatic new readings of Old and Middle English texts explore the rich theoretical territory at the intersection of class and gender and highlight the interplay of the critic methodology and the medieval text

Desire For Origins New Languages Old English And Teaching And Tradition Book Review: Unveiling the Magic of Language
