Desire2Learn for Higher Education Cookbook Brandon Ballentine, 2012 Part of Packt's Cookbook series if you don't have the time to work your way through a long tutorial then this is the book for you. The step by step recipes are independent from each other so you can dip in and out of the book or follow it from start to end to build a higher education course. If you're familiar with D2L's basic tools but want to do more with your course then this book is for you. **Salt Cookbook** Anirban Saha, 2015-07-27 Salt has become one of the major players in automation and configuration management solutions. This book starts with the basics of the tool, the procedures to get up and running with Salt, and then moves on to configuring very simple but important details to receive optimal performance from the tool. It also walks you through Salt configurations for different infrastructure components and the details of the Salt modules for each of the components. The book also provides some common problem scenarios and how to troubleshoot them. With detailed configuration, their explanation, and command line outputs of the module execution, Salt Cookbook will help you to get up and running with Salt for all your infrastructural needs. **Desire2Learn for Higher Education Cookbook** Brandon Ballentine, 2012 Gain expert knowledge of the tools within Desire2Learn, maximize your productivity, and create online learning experiences with these easy-to-follow recipes. Recipes address real-world challenges in clear and concise step-by-step instructions which help you work your way through technical tasks with ease. Detailed instructions with screenshots to guide you through each task. In Detail Creating an engaging online or web-enhanced class in the Desire2Learn Learning Environment doesn't have to be difficult. The easy-to-follow recipes in this cookbook guide you through everything from getting your course ready for students to calculating final grades. Desire2Learn for Higher Education Cookbook offers recipes that will help you set up, customize, and conduct your online courses whether you're new to the system or a seasoned D2L user. The recipes are written for version 10 of the learning suite, although many of the examples are also applicable for version 9.4. The cookbook is organized around tasks that instructors address during a typical semester, starting with a basic course setup and working towards calculating final grades. Early recipes focus on creating a personalized learning environment by helping you customize the look and feel of your course and its content. Other recipes in the cookbook teach you how to integrate your favorite multimedia and social networking sites. Later chapters offer recipes for productivity in several of the learning environment's tools. Desire2Learn for Higher Education Cookbook is filled with screenshots and detailed steps to increase your productivity when working in the learning environment to create and facilitate your online courses.
