Chelonia Green Champion Of Turtles:

Chelonia Green Champion of Turtles Christobel Mattingley, 2008-03-01 There in the shimmering green water lay four big oval shapes like a giant s carving dishes They were patterned in brownish green and had five handles Suddenly the handles stirred and the giant s carving dishes began to move Chellie was very small when she first saw the beautiful green turtles with the scientific name so close to her own Every year she would watch them swim in the sea and make their long journeys up the beach to lay their eggs But one day Chellie makes a grim and horrible discovery a discovery that turns her life upside down and forces her to act The Case of the Green Turtle Alison Rieser, 2012-07-15 The true story of the controversial battle to save the world s most famous endangered species The journals of early maritime explorers traversing the Atlantic Ocean often describe swarms of sea turtles once a plentiful source of food Many populations had been decimated by the 1950s when Archie Carr and others raised public awareness of their plight One species the green turtle has been the most heavily exploited due to international demand for turtle products especially green turtle soup The species has achieved some measure of recovery due to thirty years of conservation efforts but remains endangered In The Case of the Green Turtle Alison Rieser provides an unparalleled look into the way science and conservation interact by focusing on the most controversial aspect of green turtle conservation farming While proponents argued that farming green sea turtles would help save them opponents countered that it encouraged a taste for turtle flesh that would lead to the slaughter of wild stocks The clash of these viewpoints once riveted the world Rieser relies on her expertise in ocean ecology policy and law to reveal how the efforts to preserve sea turtles changed marine conservation and the way we view our role in the environment Her study of this early conservation controversy will fascinate anyone who cares about sea turtles or the oceans in which they live
