Christology Key Readings In Christian Thought:

Christology Jeff Astley, 2009-06-01 Part of the Problems in Theology series this work brings together selected material from classical and contemporary authors on the doctrine of the person of Jesus Christ Topics include the development of Christology from its biblical roots through the patristic debates and definitions and its reassessment and restatement in modern theology

SCM Studyguide Early Christian Doctrine and the Creeds Piotr Ashwin-Siejkowski, 2013-02-11 The SCM Studyguides are becoming increasingly well known recognized and adopted as accessible textbooks for level 1 students who have no prior knowledge of the subject The SCM Studyguide Early Christian Doctrine and the Creeds offers an accessible stimulating and interactive guide book to the emergence of Christian identity with particular attention to the earliest form of the Christian thought and doctrine The author analyses the crucial statements of the early Creeds and rules of faith He explains the creedal statements on the nature of God creation incarnation redemption the Church and eschatology and outlines the theological context which influenced their formulation and later modifications by other texts and authors The Creeds are part of the heritage of all Christian tradition and therefore have to be studied by both theological students and in the context of education for discipleship modules

In Defense of Conciliar Christology Timothy Pawl, 2016-03-10 This work presents a historically informed systematic exposition of the Christology of the first seven Ecumenical Councils of undivided Christendom from the First Council of Nicaea in 325 AD to the Second Council of Nicaea in 787 AD Assuming the truth of Conciliar Christology for the sake of argument Timothy Pawl considers whether there are good philosophical arguments that show a contradiction or incoherence in that doctrine He presents the definitions of important terms in the debate and a helpful metaphysics for understanding the incarnation In Defense of Conciliar Christology discusses three types of philosophical objections to Conciliar Christology Firstly it highlights the fundamental philosophical problem facing Christology how can one thing be both God and man when anything deserving to be called God must have certain attributes and yet it seems that nothing that can aptly be called man can have those same attributes It then considers the argument that if the Second Person of the Holy Trinity were immutable or atemporal as Conciliar Christology requires then that Person could not become anything and thus could not become man Finally Pawl addresses the objection that if there is a single Christ then there is a single nature or will in Christ However if that conditional is true then Conciliar Christology is false since it affirms the antecedent of the conditional to be true but denies the truth of the consequent Pawl defends Conciliar Christology against these charges arguing that all three philosophical objections fail to show Conciliar Christology inconsistent or incoherent

The Funny Risen Jesus. Elias Christology Now! Elias Rinaldo Gamboriko AJ. Ph.D, 2012-06-04 The 21st Century Church is in crisis Throughout various Christian denominations humanity is lost on its definition about the Messiah and how

they personally relate to him at individual level Compared to other complement religious faiths Christianity can be said to have lost its actual interpretation about the suffering death and resurrection of the Son of Man Christians are also responsible for wondering away from the true faith given the rebellious nature of man and love for the creation rather than the Creator Himself As a result many people have found comfort in things that do not satisfy and largely deviate from the teaching of our Lord about seeking his Kingdom first and the rest to follow In Christology change is almost the source of uncertainty and a measure of fear and anxiety For many this fear is difficult to manage and it causes various reactions Some negative reactions to accept Christ include denial ignorance isolation anger resistance and resentment These reactions can cause serious effects on the environment in which the change is taking place The results can be oppression suppression violence and lack of self control A personal brief Christological study will reveal such reactions when humanity lacks a clear definition and relation with Christ The drastic transition taking place in social structures and the shifting of the long held beliefs is destroying the defining lines between Christ and Humanity The impact of these confusing ideas has been always negative where humanity no longer upholds to the teachings of the church Many people suffer violence and murder children have become victims of resentment and Christianity bears the scars of deterioration This book addresses answers to these critical occurrences from the perspective of modern Christology The purpose the relationship and role of human experience is explored presented and supported by biblical concepts in line with the original concept of creation and why Christ had to be presented as the Son of Man in human flesh

Patterns of Christological Categorisation Marvin C.

Sanguinetti,2023-03-28 This book focuses on Christological Monotheism an underexplored area which combines two disciplines of theological appraisal often addressed as separate subjects Christological Monotheism is underexplored in the literature and even more underexplored are interpretations of Christological Monotheism from the perspectives of Christian voices within the Oneness Pentecostal faith tradition Oneness Pentecostalism offers opposing perspectives to what is considered fixed orthodoxy within the Christian faith traditions i e its views differ on doctrines relating to the nature of God and Christ from accepted norms This project seeks to include various Oneness Pentecostal interpretations to commonly held perspectives and explore what such might look like when juxtapose with Christian orthodoxy Moreover it rereads perspectives about the relationship between God and Christ offered by both traditions in the contexts of earlier contributors to Christian history all the way to the Second Temple Jewish periods and includes similar patterns exposed by various groups scholars along this trajectory

The Omnipresence of Jesus Christ Theodore Zachariades,2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ's presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In

this important study of orthodox Christology Dr Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA *A Point of Balance* Robert Boak Slocum, Martyn Percy, 2012-11-01 This volume offers some of the richest and cutting edge reflection on the nature of Anglican identity at the beginning of the 21st century Originating from The Society for the Study of Anglicanism it includes contributions from leading international scholars including Katherine Grieb Virginia Theological Seminary Robert Hughes School of Theology Sewanee Thomas Hughson retired Marquette University Gerard Mannion University of San Diego Mark Chapman Rippon College Oxford Paula Nesbitt Graduate Theological Union Martyn Percy Rippon College Philip Sheldrake Cambridge Theological Federation and University of Wales Robert Slocum St Catharine College KY and Simon Taylor St Mary Redcliffe Bristol **The Predicament of Belief** Philip Clayton, Steven Knapp, 2011-10-27 Does it make sense can it make sense for someone who appreciates the explanatory power of modern science to continue believing in a traditional religious account of the ultimate nature and purpose of our universe This book is intended for those who care about that question and are dissatisfied with the rigid dichotomies that dominate the contemporary debate The extremists won't be interested those who assume that science answers all the questions that matter and those so certain of their religious faith that dialogue with science philosophy or other faith traditions seems unnecessary But far more people today recognize that matters of faith are complex that doubt is endemic to belief and that dialogue is indispensable in our day In eight probing chapters the authors of *The Predicament of Belief* consider the most urgent reasons for doubting that religious claims in particular those embedded in the Christian tradition are likely to be true They develop a version of Christian faith that preserves the tradition's core insights but also gauges the varying degrees of certainty with which those insights can still be affirmed Along the way they address such questions as the ultimate origin of the universe the existence of innocent suffering the challenge of religious plurality and how to understand the extraordinary claim that an ancient teacher rose from the dead They end with a discussion of what their conclusions imply about the present state and future structure of churches and other communities in which Christian affirmations are made Presiding Like a Woman Nicola Slee, 2010-09-23 What does it mean to preside like a woman at the Eucharist Do women do it differently or should they How do lay women and men experience women's priestly ministry This is an accessible broadly popular book pushing the boundaries in new and unusual ways and making a serious contribution to feminist and liturgical debate
