

CIA Exam Part 1: Study Unit (4)

Questions and Answers and Rationales

Appropriate internal control for a multinational corporation's branch office that has a monetary transfer unit requires that

- A. **The individual who initiates wire transfers not reconcile the bank statement.**
- B. Foreign currency rates be computed separately by two different employees.
- C. Corporate management approve the hiring of monetary transfer unit employees.
- D. The branch manager receive all wire transfers. - Answer (A) is correct.

Answer (A) is correct.

A control is any action taken by management to enhance the likelihood that established goals and objectives will be achieved. Controls include segregation of duties to reduce the risk that any person may be able to perpetrate and conceal errors or fraud in the normal course of his or her duties. Different persons should authorize transactions, record transactions, and maintain custody of the assets associated with the transaction. Independent reconciliation of bank accounts is necessary for good internal control.

Which of the following observations made during the preliminary survey of a local department store's disbursement cycle reflects a control strength?

- A. The receiving department is given a copy of the purchase order complete with a description of goods, quantity ordered, and extended price for all merchandise ordered.
- B. Individual department managers are responsible for the movement of merchandise from the receiving dock to storage or sales areas as appropriate.
- C. **The chief financial officer's office prepares checks for suppliers based on vouchers prepared by the accounts payable department.**
- D. Individual department managers use prenumbered forms to order merchandise from vendors. - Answer (C) is correct.

Accounting for payables is a recording function. The matching of the supplier's invoice, the purchase order, and the receiving report (and usually the purchase requisition) should be the responsibility of the accounting department. These are the primary supporting documents for the payment voucher prepared by the accounts payable section that will be relied upon by the chief financial officer in making payment.

The internal auditor recognizes that certain limitations are inherent in any system of internal controls. Which one of the following scenarios is the result of an inherent limitation of internal control?

- A. The organization sells to customers on account, without credit approval.
- B. **A security guard allows one of the warehouse employees to remove assets from the premises without authorization.**
- C. An employee who is unable to read is assigned custody of the organization's computer tape library and run manuals that are used during the third shift.
