Diller Scofidio Renfro Lincoln Center Inside Out An Architectural Account:

Lincoln Center Inside Out Diller Scofidio + Renfro, Elizabeth Diller, Ricardo Scofidio, 2012 The redesign of Lincoln Center is one of the most challenging and innovative civic projects in recent urban history Over the past eight years Diller Scofidio Renfro in close collaboration with Lincoln Center's leadership has transformed the fifty year old Modernist citadel into a porous and democratic campus This visually rich document is the first comprehensive book to feature the extensive redevelopment in its entirety Through a combination of photographs drawings renderings archival records and texts the book describes the innovative strategies that have dissolved the public private divide and effectively turned the campus inside out extending the spectacle of the performance halls into the Center's mute public spaces and surrounding streets Conceived as a cross between an art book a scholarly record and an architectural diary this publication demonstrates how the recent redesign both respects and challenges preconceived notions about Lincoln Center and its ongoing role as a cultural hub in an ever changing city This unorthodox publication is comprised entirely of gatefolds a series of inside out centerfolds where the exterior pages of each spread feature glossy large format full bleed photographs highlighting different parts of the campus Inside the gatefolds tucked behind these lush photos is a series of back stories that reveal the surprising evolution and unexpected afterlife of the same spaces

They Told Me Not to Take that Job Reynold Levy, 2015-05-12 When Reynold Levy became the new president of Lincoln Center in 2002 *New York Magazine* described the situation he walked in to as a community in deep distress riven by conflict Ideas for the redevelopment of Lincoln Center's artistic facilities and public spaces required spending more than 1.2 billion but there was no clear pathway for how to raise that kind of unprecedented sum The individual resident organizations that were the key constituents of Lincoln Center the Metropolitan Opera the New York City Opera the New York Philharmonic the Juilliard School and eight others could not agree on a common capital plan or fundraising course of action Instead intramural rivalries and disputes filled the vacuum Besides some of those organizations had daunting problems of their own Levy tells the inside story of the demise of the New York City Opera the Metropolitan Opera's need to use as collateral its iconic Chagall tapestries in the face of mounting operating losses and the New York Philharmonic's dalliance with Carnegie Hall Yet despite these and other challenges Levy and the extraordinary civic leaders at his side were able to shape a consensus for the physical modernization of the sixteen acre campus and raise the money necessary to maintain Lincoln Center as the country's most vibrant performing arts destination By the time he left Lincoln Center had prepared itself fully for the next generation

of artists and audiences They Told Me Not to Take That Job is more than a memoir of life at the heart of one of the world's most prominent cultural institutions It is also a case study of leadership and management in action How Levy and his colleagues triumphantly steered Lincoln Center through perhaps the most tumultuous decade of its history to a startling transformation is fully captured in his riveting account
