By Lewis R Donelson From Hebrews To Revelation A Theological Introduction:

From Hebrews to Revelation Lewis R. Donelson, 2001-01-01 In this clearly written introduction to the latter half of the New Testament Lewis Donelson begins by asking if we read this text in this way what voices do we hear Such a reading strategy requires historical imagination because the documents are separated from us by time space language and culture It also requires making these texts conversation partners in our understanding about God and ourselves *Solidarity Perfected* Kevin McCruden, 2008-12-10 This monograph examines the concept of Jesus perfection in the Epistle to the Hebrews in relation to the broader theological themes of divine beneficence and divine philanthropia Three times in Hebrews Jesus is described as being perfected Hebrews 2 10 5 9 7 28 and in two of these instances Hebrews 2 10 5 8 9 the author explicitly links the theme of Jesus suffering to the content of his perfection By examining representative selections of Greek non literary papyri this study argues that the customary application of the Greek verb to denote the idea of legal notarization of a public document suggests the more comprehensive idea of official definitive attestation Informed by such a notion of perfection as official definitive attestation this study argues that the language of Christ s perfection in Hebrews functions as a christological grammar for reflecting upon the character of Christ Far from being remotely transcendent Jesus is characterized instead by divine beneficence and philanthropia by a motivation to draw near to the community of the faithful gathered around his memory This study argues for the cogency of this proposal based on exegetical grounds the literary character of Hebrews as an epistolary homily and the social setting of Hebrews as one characterized by social distress and or persecution in or near the vicinity of Rome *A Shadow of Glory* Tod Linafelt, 2002-10-04 A Shadow of Glory takes up the most recent discourse on biblical interpretation and uses a cross disciplinary approach to form a new self critically aware perspective to the New Testament in the post Holocaust world *The Bible* Jerry L. Sumney, 2021-01-05 What is the Bible How did it get to us Why are translations so different And what influence has the Bible had on culture From its very first pages The Bible An Introduction Third Edition offers clear answers to the most basic questions that first time students and curious inquirers bring to the Bible Without presuming either prior knowledge of the Bible or a particular attitude toward it Jerry L Sumney uses straightforward language to lead the reader on an exploration of the Bible s contents and the history of its writings showing how critical methods help readers understand what they find in the Bible Filled with maps charts illustrations and color photographs to enhance the student s experience with the text This third edition offers a number of revisions and a new section on the deuterocanonical books Neither polemical nor apologetic The Bible presents the biblical writings as the efforts of men and women in the past to understand their lives and their world in light of the ways they understood the divine **Preliminary biblical studies** David M. Steimle, 2015-05-29 This work is a compilation of research designed to assist students researching the Bible and passing a program at a University in biblical studies It covers a myriad of topics focusing primarily on the biblical text and contains deeper exposition on texts and themes commonly researched in

an undergraduate Graduate Christian studies and Masters in Divinity programs that focus on the Bible This text is divided by the Old and New Testament and further subdivided based on traditional category of the Bible **New Testament Theology** Frank J. Matera,2007-01-01 In this systematic book by book exploration of the theology of each New Testament writing Frank J Matera explores theological diversity and unity in the writings of the New Testament After an introduction to the history and method of New Testament theology he explains and describes the theologies of the Synoptic Pauline and Johannine traditions as well as the rich theology of other New Testament voices Hebrews the Catholic Epistles and the book of Revelation Integrating both Protestant and Catholic approaches this work provides students pastors and scholars a comprehensive view of the New Testament that is rich in exegetical and theological insight **Hebrews, the General Letters, and Revelation** Charles B. Puskas,2016-10-28 Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion *Cry of the Elephant Man* Erik L. Strandness MD MATH,2016-06-30 We are in danger of losing our identities as unique beings created in the image of God Our culture not wanting to answer to a higher authority tries to expel God from the planet but in the process strips off the very image that makes us human If we officiate at the death of God we will also be forced to preside over the funeral of man The good news is that despite the loud voices declaring that we are just evolved animals the vast majority of us behave as if we are special Since the characteristics that make humans unique are found nowhere else on the planet we are compelled to look to the heavens We have a choice we can find significance running with the pack or in becoming children of God We can howl at the moon or offer prayers to our Father but either way we will end up worshiping our maker Dr Strandness explores what it means to be created in the image of God by examining those qualities that are universally recognized as unique to humankind He makes the case that these characteristics have a heavenly origin and can only be adequately explained by a Biblical understanding of humans as Gods image bearers **They Went Out from Us** Daniel R. Streett,2011-01-27 By

means of careful historical work and exegesis Streett argues that the secession mentioned in 1 John did not have to do with a later complex Christological issue such as docetism Cerinthianism or a devaluation of the historical life death of Jesus but rather concerned the foundational belief in the Messiahship of Jesus a tenet the secessionists had renounced in order to return to the Jewish synagogue He critiques the common maximalistic mirror reading approach to the letter as misguided and contends that the letter is primarily pastoral meant to comfort and reassure the community rather than to argue against the secessionists Streett s main contributions are his detailed examination of the ancient historical evidence especially the Patristic evidence for the Johannine opponents and his in depth and innovative exegesis of the key opponent passages 1 Jn 2 18 27 4 1 6 5 6 12 2 Jn 4 11

Christian Understandings of Christ David H. Jensen, 2019-04-02 Seeing the contours of Christian thought about Christ Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How do we make sense of our own thought in light of theirs The Christian Understandings series offers to help In this insightful volume David H Jensen offers an engaging tour through more than two millennia of thought on Christ Starting with the New Testament and moving forward Jensen outlines the myriad beliefs developments and questions encompassing the attempts to understand Christianity s most central and most mysterious figure From the patristic portrayals to medieval Christology from the Reformation to the Enlightenment and into the twentieth century and beyond Jensen presents a helpful and needed guide
