Science and Christianity are often presented as opposites when in fact the order of the universe and the complexity of life powerfully testify to intelligent design. With this comprehensive resource that includes the latest research, you will witness how the findings of scientists provide compelling reasons to acknowledge the mind and presence of a creator. Featuring more than 45 entries by top caliber experts, you will better understand how scientific concepts like intelligent design are supported by evidence, the scientific findings that support the history and accounts found in the Bible, the biases that lead to scientific information being presented as a challenge rather than a complement to Christianity. Whether you are looking for answers to your own questions or seeking to explain the case for intelligent design to others, *The Comprehensive Guide to Science and Faith* is an invaluable apologetic tool that will help you explore and analyze the relevant facts, research, and theories in light of biblical truth. **Chemistry, General, Medical, and Pharmaceutical, Including the Chemistry of the U.S.**
