Church History An Essential Guide Abingdon Essential Guides:

Church History Dr. Justo L. Gonzalez, 2010-09-01 One of the chief difficulties in studying the history of Christianity is the lack of prior exposure to the subject that students often bring with them Struggling to keep up with the large numbers of names dates and places presented to them it is easy for students to lose sight of the big picture the broad sweep of movement and change that instructors most wish to communicate Justo Gonzalez has written this book to help students gain just such a quick and basic grasp of the main periods and issues in the history of Christianity Drawing upon his own extensive experience and that of others he contends that having been introduced to the essentials of church history in a brief and accessible form students are far better able to understand and appreciate what they encounter in more detailed lectures and reading Gonzalez provides a comprehensive opening chapter that summarizes major issues and concerns of each of the principal eras of church history Subsequent chapters focus on the ancient church the Christian empire the Middle Ages the Reformation the seventeenth through nineteenth centuries and the twentieth century and the end of modernity **Pastoral**

Care Dr. John Patton, 2010-09-01 The essentials of pastoral care involve the pastor's distinctive task of caring for those who are estranged the lost sheep Taken from the biblical image of the shepherd the pastor by virtue of his or her professional calling cultivates wise judgment in order to hear the hurting and offer guidance reconciliation healing sustaining presence and empowerment to those in need This book will outline the quintessential elements pastors need to wisely minister in today's context by discussing four major kinds of lostness grief illness abuse and family challenges The purpose of the Abingdon Essential Guides is to fulfill the need for brief substantive yet highly accessible introductions to the core disciplines in biblical theological and religious studies Drawing on the best in current scholarship written with the need of students foremost in mind addressed to learners in a number of contexts Essential Guides will be the first choice of those who wish to acquaint themselves or their students with the broad scope of issues perspectives and subject matters within biblical and religious studies The Apostolic Fathers Clayton N. Jefford, 2005 The Apostolic Fathers is a collection of early Christian writings from the late first and early second centuries traditionally considered to have been written by those connected with the Apostles and therefore reflecting authentic Apostolic teaching The Apostolic Fathers An Essential Guide explains the nature of the collected writings as they stand between the world of the New Testament and later Christian writers focusing upon what the texts say about ancient Christian thinkers early church developments and the evolution of theological ideas prior to the great ecumenical councils

The Roman Empire and the New Testament Dr. Warren Carter, 2010-09-01 An indispensable introduction to Roman society culture law politics religion and daily life as they relate to the study of the New Testament The Roman Empire formed the central context in which the New Testament was written Anyone who wishes to understand the New Testament texts must become familiar with the political economic societal cultural and religious aspects of Roman rule Much of the New Testament deals with enabling its readers to negotiate in an array of different manners this

pervasive imperial context This book will help the reader see how social structures and daily practices in the Roman world illumine so much of the content of the New Testament message For example to grasp what Paul was saying about food offered to idols one must understand that temples in the Roman world were not churches and that they functioned as political economic and gastronomic centers whose religious dealings were embedded within these other functions Brief in presentation yet broad in scope The Roman Empire and the New Testament An Essential Guide will introduce students to the information and ideas essential to coming to grips with the world in which early Christianity was born Worship in Ancient Israel Prof. Walter Brueggemann, 2005-04-01 In an engaging style characteristic of the author Walter Brueggemann this Essential Guide describes the leading motifs of ancient Israel's worship traditions in the Old Testament The author guides the reader through the themes central texts prayers festivals and practices of that worship He sees throughout the Old Testament a central emphasis on worship as a covenantal gesture and utterance by the community in the presence of God In addition to being an essential guide to this subject this book is intended to be in the service of current theological and practical issues concerning worship of the church in its ecumenical character Methodist Morals Darryl W. Stephens, 2024-01-12 Methodist Morals offers keen insight into the public church interpreting the United Methodist Social Principles as a dynamic discourse about morality and human rights in light of faith Revised every four years by the General Conference of the United Methodist Church the Social Principles exposes the moral deliberations of this distinctly American and increasingly worldwide church as it struggles to achieve community across multiple languages and cultures Perhaps no other document provides as rich a depiction of Protestants participating in the moral argument of public life This is the first full length study of Methodist social teachings in over fifty years Examining official Methodist teachings from institutional historical and cross cultural perspectives Darryl Stephens provides a rich analysis of this case study of Protestant social witness drawing on his expertise in church polity Methodist history and Christian social ethics A wide range of comparisons with documents of the United Nations with moral debate in Germany and Zimbabwe and with historical Methodist statements of social witness shows the Social Principles to be a unique form of social witness The issues of war abortion human sexuality and marriage illustrate the messiness of democratic deliberation in an ecclesial context and the evolution of a people ever concerned with the sin of worldliness even as they become more attuned to transforming social structures Stephens also contrasts this conception of the public church with the ecclesiologies of prominent Methodist ethicists Stanley Hauerwas and Paul Ramsey Intended for students of Methodism ecumenical church leaders and scholars of Christian social ethics and contemporary US mainline religion this work reveals the challenges to and possibilities for achieving moral community in an increasingly global and diverse world DARRYL W STEPHENS director of United Methodist studies at Lancaster Theological Seminary is former assistant general secretary for advocacy and sexual ethics in the UMC's General Commission on the Status and Role of Women He is the coeditor of Professional Sexual Ethics A Holistic Ministry Approach **An**

Introduction to the New Testament, Second Edition Charles B. Puskas, C. Michael Robbins, 2011-06-16 Studying the New Testament requires a determination to encounter this collection of writings on its own terms This classic introduction by Charles B Puskas revised with C Michael Robbins provides helpful guidance Since the publication of the first edition which was in print for twenty years a host of new and diverse cultural historical social scientific socio rhetorical narrative textual and contextual studies has been examined Attentive also to the positive reviews of the first edition the authors retain the original tripartite arrangement on 1 the world of the New Testament 2 interpreting the New Testament and 3 Jesus and early Christianity This volume supplies readers with pertinent primary and secondary material The new edition carries on a genuine effort to be nonsectarian and although it is more of a critical introduction than a general survey it is recommended to midlevel college and seminary students and to anyone who wants to be better informed about the New Testament

Mission Carlos F. Cardoza-Orlandi, 2002-06-01 Mission has become for many North American Christians an ambiguous and often uncomfortable term To many it brings to mind a past in which western culture was identified with the gospel in missionary practice and programs Distressed with this history and uncertain about how to overcome it many prefer to ignore the New Testament mandate that the church must be in mission if it is to be the church Others swing the other way declaring that everything the church does is mission depriving the idea of mission of its power to define those specific actions of God which proclaim the gospel and build God's kingdom The church exists by missions just as fire exists by burning With these words of Emil Brunner the author reminds us that to be the church is to be in mission After describing the various captivities of mission which plague North American Christianity the author argues for a robust and engaged practice of mission beginning in congregations and extending to the broader community *AAR/SBL Annual Meeting Program* American

Academy of Religion. Meeting, 1999 **Christian Ethics** Robin W. Lovin, 2010-03-01 In this excellent outline of Christian ethics Robin W Lovin achieves a balance between the questions and issues which form the core of the study of ethics and the life situations from which those questions arise Eschewing a sectarian approach which dismisses other understandings of the moral life Lovin nonetheless lays claim to a specifically Christian understanding of ethics He begins with basic Christian convictions about the reality of God and human redemption and weaves these convictions into the fabric of moral concerns that are widely shared in contemporary society He takes note of the problems that arise when Christians try to act on or enforce their convictions in a pluralistic society and recognizes the variety of theological and moral beliefs that are held within the Christian community as well as in the wider society
