Dari Grammar And Phrase Book:

Dari Grammar and Phrase Book Ehsan M. Entezar, 2010-06-04 Dari Grammar and Phrasebook is the result of many years of research and teaching. It has two parts. Part one grammar is a systematic presentation of Dari sound system, phonology, word formation, morphology, and sentence structure, syntax. Each chapter begins with an introduction. This is followed by analysis of the new concepts, providing plenty of examples and illustrations. Next comes the chapter summary. Each chapter in part one ends with exercises. Part two phrasebook is about how to communicate with Afghans on a variety of situations and topics. This part first discusses language functions such as asking, ordering, requesting, apologizing, persuading, and so on. The second part is about topics or situations involving shopping, health, transportation, security, government, and so on. The relevant vocabulary under each topic is listed into nouns, verbs, and adjectives. The topics also include cross-cultural notes and proverbs. *Dari Extended Phrasebook* Learningonlinexyz Inc, 2019-04-08 Learn Dari with our simple to use EXTENDED phrasebook. It is a handy and comprehensive reference to cultural immersion while exploring new geographies. Impress your local business contacts or friends with confidence. Categories include Business, Shopping, Restaurant, Marketing, Trading, Careers, Meetings, Negotiations, Food, Useful Phrases, Numbers, Time, and many more. **West of Kabul, East of San Francisco** Ehsan M. Entezar, 2016-10-07 West of Kabul East of San Francisco is the highlights of my life story. Keeping a diary is not common in developing countries such as Afghanistan, and this makes autobiographies less common in these countries. The existing biographies and autobiographies in the Islamic countries are mostly those about the Prophet Mohammad and other important religious figures or monarchs. These biographies, however, are full of praise. This historic precedent has also had its effect on autobiographies written by Western educated Afghans. They too are full of praise and criticisms of rivals, rarely talking about their own problems and weaknesses. In other words, they are mostly self-centered and egotistical in nature. In *West of Kabul East of San Francisco*, I have tried to be as objective as possible in avoiding such pitfalls. I describe events and relationships as realistically as possible. But I realize that no one can entirely escape the influence of their mother culture.
