Dialectica De La Secularizacion Sobre La Razon Y La Religion:

Dialéctica de la secularización Joseph Ratzinger (Benedicto XVI), Jürgen Habermas, 2012-07-01 El 19 de enero de 2004 en la Academia Católica de Baviera en Munich tuvo lugar un hecho insólito en el mundo actual uno de los más importantes filósofos vivos Jürgen Habermas debatía en público con uno de los principales representantes de la Iglesia Católica el entonces cardenal Joseph Ratzinger hoy papa Benedicto XVI Si el contexto es sorprendente no lo es menos el resultado los puntos de encuentro entre ambos acerca del Estado democrático de derecho como mejor forma política para defender la dignidad humana o acerca de la necesaria interpretación recíproca entre razón y fe destacan sobre las previsibles divergencias **The Intimate. Polity and the Catholic Church** Karel Dobbelaere, Alfonso Pérez-Agote, 2015-02-27 The waning influence of the Catholic church in the ethical and political debate For centuries the Catholic Church was able to impose her ethical rules in matters related to the intimate that is questions concerning life from its beginning until its end and the family in the so called Catholic countries in Western Europe When the polity started to introduce legislation that was in opposition to the Catholic ethic the ecclesiastical authorities and part of the population reacted The media reported massive manifestations in France against same sex marriages and in Spain against the de penalization of abortion In Italy the Episcopal conference entered the political field in opposition to the relaxation of several restrictive legal rules concerning medically assisted procreation and exhorted the voters to abstain from voting so that the referendum did not obtain the necessary quorum In Portugal to the contrary the Church made a pact with the prime minister so that the law on same sex marriages did not include the possibility of adoption And in Belgium the Episcopal conference limited its actions to clearly expressing with religious legal and anthropological arguments its opposition to such laws which all other Episcopal conferences did also In this book the authors analyse the full spectrum of the issue including the emergence of such laws the political discussions the standpoints defended in the media by professionals ethicists and politicians the votes in the parliaments the political interventions of the Episcopal conferences and the attitude of professionals As a result the reader understands what was at stake and the differences in actions of the various Episcopal conferences The authors also analyse the pro and con evaluations among the civil population of such actions by the Church Finally in a comparative synthesis they discuss the public positions taken by Pope Francis to evaluate if a change in Church policy might be possible in the near future Research by GERICR Groupe européen de recherche interdisciplinaire sur le changement religieux a European interdisciplinary research group studying religious changes coordinated by Alfonso Pérez-Agote **Análisis del dogmatismo utópico de los derechos humanos** Rosales, Carlos Manuel, 2024-11-28 El argumento moral es el núcleo valorativo que contienen los Derechos Humanos Esto los constituye en un cuasi dogma universal para muchos operadores jurídicos y para la misma sociedad un sistema jurídico diseñado y construido a partir de las carencias y necesidades de la mayoría de la población Su discurso se torna romántico para casi todo el mundo por lo que muy pocos podrán generar y desarrollar una crítica hacia estos ideales humanos que dicho

desde su funcionabilidad y objetivos solo han servido como paliativos ante los problemas cotidianos sociales La instrucción que generan los DDHH ha colocado una venda a bastantes juristas que sucumbidos por el canto de las sirenas han sido encantados por sus dulces melodías jurisdiccionales Los Derechos Humanos se vuelven una tautología normativa en los órganos judiciales que se han convertido en una oficina de partes de los justiciables en donde realizan la alocución de los mismos ya no como una petición sino como una exigencia hacia el Estado Nuestro texto expone diversas aportaciones en la entendimiento interpretación y aplicación de los DDHH y en la forma en que han sido comprendidos e instrumentados por las autoridades Asimismo se realiza una crítica a este conjunto de principios morales universales que han determinado la vida de los sujetos que los han solicitado También se exhibe y comprueba las deformaciones y tergiversaciones que se han producido al pedirse o utilizarse como base de las fallas y falencias del aparato estatal

Ratzinger y los filósofos Alejandro

Sada, Rudy Albino de Assunção, Tracey Rowland, 2023-09-05 El profesor Gottlieb Sengen mentor académico y supervisor de la tesis de doctorado de Joseph Ratzinger estaba convencido de que era imposible prepararse adecuadamente para hacer teología sin contar también con la filosofía No importa cuán largo sea el camino de la filosofía nunca es una desviación respecto a la teología más bien permite a uno embarcarse en el trabajo teológico eficaz más pronto que tarde Análogamente Joseph Ratzinger Benedicto XVI defendió la idea de que una filosofía robusta es el marco interior de la teología y al contrario una filosofía débil no se corresponde con una teología robusta La conversación y el diálogo con filósofos clásicos y contemporáneos es una de las características más sobresalientes en el pensamiento del papa teólogo Una compilación de los interlocutores más relevantes y una visión de conjunto de los tópicos tal como los que provee este libro cubre un vacío en la literatura ratzingeriana Del prólogo de Rudolph Voderholzer

Los fundamentos de una ilusión Gerardo Remolina Vargas, S.

J., 2016-06-07 En Los fundamentos de una ilusión el autor se propone exponer de manera estructurada y para un público ilustrado mas no necesariamente especialista en filosofía o teología las reflexiones que conformaron el núcleo de la catedral de Filosofía de la Religión que mantuvo durante más de tres décadas en la Facultad de Filosofía de la Pontificia Universidad Javeriana Mi experiencia con la lectura de Los fundamentos de una ilusión fue el encuentro con un escrito que desde sus primeras páginas atrapa mi interés por dos motivos fundamentales en primer lugar porque introduce al lector en las experiencias preguntas hipótesis y juicios de sugerentes autores ocupados de la inquietud religiosa desde distintas reas del saber credos pocas y culturas de manera sencilla y clara perspectivas de tal amplitud y envergadura que serían imposibles de abarcar mediante el estudio personal Este es sin duda uno de los aportes cruciales de este libro que sin pretender ser de carácter investigativo evidentemente está basado en años de lectura estudio y enseñanza En segundo lugar la estructura elegida para ordenar la conversación la génesis y expansión de la inquietud religiosa en la naturaleza humana inmediatamente invita al lector a dirigir su atención simultáneamente a los testimonios recopilados y a su propia experiencia de conciencia reflejada en esos espejos en otras palabras exige un ejercicio de conversación doble con los interlocutores convocados en el libro y con

las voces muchas veces inconscientes operantes en sus creencias y acciones lo cual posiblemente permita hacerlas más razonables. Puedo afirmar que a mi juicio la obra logra satisfacer los dos mayores placeres de la vida según Hume: el estudio por la riqueza y profundidad de lo que se aprende al leerlo y la convivencia al permitir vislumbrar que no estamos solos en nuestra búsqueda y que si bien no hay experto que haya encontrado una respuesta plenamente satisfactoria, conversar sobre el asunto resulta fascinante. *Angela Calvo de Saavedra*, Profesora titular de la Pontificia Universidad Javeriana

Secularización y nihilismo Massimo Borghesi, 2011-09-01. Que lo religioso ha vuelto a recuperar una importancia cultural y social impensable hace solo unas décadas es sin duda uno de los fenómenos que caracterizan el actual momento histórico. Este hecho es lo que ha llevado a Massimo Borghesi a escribir las fascinantes reflexiones de este libro. Hay en este retorno una auténtica religiosidad o es por el contrario una última metamorfosis del proceso de la modernidad? ¿Qué papel juega la dimensión religiosa en la confusión y el nihilismo que impera en Occidente? ¿Cuál es la propuesta original del cristianismo ante esta situación? Con un extraordinario manejo de las más variadas fuentes de la política, la filosofía, la teología y la literatura, pero también del arte figurativo y el cine, *Secularización y nihilismo* traza un certero análisis de los últimos 80 años y nos ofrece una perspectiva distinta sobre los procesos que configuran nuestro momento histórico. Un diálogo abierto que propone un cristianismo a la altura de nuestro tiempo. *Antropología filosófica* Carlos Beorlegui, 2017-06-15. Intentar definir lo esencial y específico de la realidad humana es el objetivo de la Antropología filosófica, objetivo que se nos presenta cada vez más problemático a medida que las diferentes ciencias de lo humano nos hacen tomar conciencia de nuestra radical complejidad y problematicidad. Si a esto se unen las múltiples dimensiones y facetas que nos constituyen, la complejidad nos lleva también a reafirmar nuestra singularidad. El empeño del autor de este libro, *Antropología filosófica: Dimensiones de la realidad humana*, continuación de su anterior texto *Antropología filosófica: Nosotros, urdimbre solidaria y responsable* (1999), se orienta a indagar lo que nos convierte en singulares interpretando las aportaciones de las ciencias de lo humano desde el horizonte crítico de la filosofía, así como desde la coimplicación de las diversas dimensiones de nuestra realidad. Se trata de un completo manual, resultado de una dilatada experiencia académica, en el que se pretende conjugar y complementar la perspectiva científica y filosófica desde el horizonte de un ideal o modelo antropológico que resalta la dimensión unitaria de lo humano: unidad biocultural y psicosomáticas, así como su radical condición social y solidaria simbólica, utópica y abierta al misterio. Esto es a la pregunta por el fundamento último de la realidad. *Aportes teológicos a una reflexión crítica de la religión* Joaquín Silva Soler, 2023-11-30. Este es un libro que desafía a los lectores a reflexionar sobre el fenómeno religioso. La crítica a la religión tiene múltiples orígenes: la filosofía, las ciencias sociales y el pensamiento empírico positivista, entre otros. El aporte de estas miradas ha sido evidente, pero también insuficiente. Aquí se postula que la crítica a la religión más profunda y decisiva hunde sus raíces en la propia tradición teológica. Este libro sitúa a la teología al interior mismo de la experiencia creyente, devela el sentido religioso de la existencia, diagnostica la crisis del catolicismo en el marco de los procesos de

cambio cultural que vivimos y finalmente muestra cómo la teología contribuye a una reflexión crítica de la religión. En este contexto el autor presenta la crítica a la religión que hacen los profetas y Jesús de Nazareth como también importantes teólogos de la tradición cristiana. Tomás de Aquino, Eckhart, Schleiermacher, Guardini, Pannenberg y Welte. Aportes teológicos a una crítica de la religión es una obra provocadora invita a mirar tanto las grandezas como miserias de la religión y lo hace a partir de una larga tradición teológica donde la crítica da lugar a la esperanza.

Reconstruyendo la filosofía jurídica. Estudio crítico de las postulaciones de Luigi Ferrajoli y Jürgen Habermas Édgar Hernán, Fuentes, Juan Sebastián, Ceballos Bedoya, Carolina, Galindo Poblador, Iván, Garzón Vallejo, Mateo, Jaramillo Vernaza, Rodrigo, Oliveira Santana, José Manuel, Suarez Delgado, Carlos Alberto, Suárez, Oscar, Mejía, Raúl Fernando, Núñez Marín, 2012-09-24. En el marco de los treinta años de la publicación en castellano de la segunda edición de la Teoría pura del derecho y de los setenta y cinco años de la primera publicación en alemán de dicha obra del profesor austriaco Hans Kelsen el Programa de Derecho de la Facultad de Relaciones Internacionales y Ciencias Jurídicas y Políticas de la Universidad de Bogotá Jorge Tadeo Lozano celebró en octubre de 2009 el Congreso Académico Internacional Hans Kelsen una Teoría Pura del Derecho del cual se originó el libro que lleva el mismo nombre. La relevancia que produjo dicho evento en el ámbito académico así como el interés despertado para la generación de un espacio similar con otros autores de importancia para la ciencia jurídica se establecieron como el punto de encuentro y la razón de producción de aquello que lleva el nombre hoy de Jornadas Académicas Internacionales de Argumentación y Filosofía del Derecho que adicionalmente sirvieron para una modulación de actividades desarrolladas en el Foro de Interpretación Argumentación y Decisión judicial del año 2010 llevado a cabo en nuestra Universidad con presencia del profesor portugués Boaventura de Sousa Santos.

Racionalidad y trascendencia Carlos Miguel Gómez Rincón, 2020-04-30. Este libro ofrece una contribución a la reflexión sobre tres problemas centrales en la filosofía de la religión contemporánea: las relaciones entre fe y racionalidad en las sociedades post seculares, la cuestión del valor cognitivo de la experiencia y la creencia religiosas y la pregunta por la posibilidad de evaluar las pretensiones de verdad religiosas de cara a las de las ciencias y otras formas de conocimiento. Hace posible la crítica a la racionalidad característica de varias corrientes filosóficas contemporáneas repensar sus relaciones con la fe religiosa. Aquí ocupa la experiencia de lo trascendente en el marco general de nuestras empresas cognitivas y en nuestra constante búsqueda de sentido. Es deseable y posible evaluar la verdad en el diálogo entre religiones diversas o entre las ciencias y las religiones. Al ocuparse de estas y otras cuestiones relacionadas este libro problematiza algunas de las oposiciones constitutivas de la modernidad: fe y racionalidad, saber y creer, ciencia y religión, unidad de la verdad versus pluralidad de las formaciones histórico culturales. De este modo busca ampliar nuestra imagen de la racionalidad situándola en relación con la experiencia de lo trascendente que no sólo la limita y traspasa sino que la precede y moviliza.

Unveiling the Magic of Words: A Review of "**Dialectica De La Secularizacion Sobre La Razon Y La Religion**"
