Christopher Fleming, Matthew Manning

Diamonds Dispossession Democracy In Botswana Diamonds Dispossession Democracy In Botswana:

Diamonds, Dispossession & Democracy in Botswana Kenneth Good, 2008 Analyses the limits to democracy in Botswana *Diamonds, Dispossession & Democracy in Botswana* Kenneth Good, 2008 Introduction Diamond dependent economic wealth Presidentialism Ruling party predominance The social consequences of diamond dependency Dispossession subordination of the sun Conclusion facing the realities Appendix a case of the president high court public opinion

Cultural Capital and Prospects for Democracy in Botswana and Ethiopia Asafa Jalata, 2019-05-16 This book focuses on and examines the impact of cultural capital political economy social movements and political consciousness on the potential development of substantive democracy in Botswana and Ethiopia While explaining the challenges obstacles and opportunities for the development of democracy Cultural Capital and Prospects for Democracy in Botswana and Ethiopia engages in defining democracy as a contested open and expanding concept through a comparative and historical examination The book s analysis employs interdisciplinary multidimensional comparative methods and critical approaches to examine the dynamic interplay among social structures human agencies cultural factors and social movements This comparative and historical study has required an examination of critical social history that looks at societal issues from the bottom up specifically critical discourse and the particular world system approach which deal with long term and large scale social changes Cultural Capital and Prospects for Democracy in Botswana and Ethiopia will be of interest to scholars and students of African politics political theory and democratization

Ethnic Groups of Africa and the Middle East John A. Shoup, 2011-10-17 This encyclopedia is an essential guide to the different ethno linguistic groups in Africa and today s complicated Middle East region Ethnic Groups of Africa and the Middle East contains encyclopedic entries arranged alphabetically within ethno linguistic classifications Each entry has four main sections an introduction identifying the language group where they are found and their numbers a brief discussion of their origins and early history a section on cultural life that includes religion literature social organization and art and a final section on political organization and recent history The contents are appropriate for high school and undergraduate students as well as for experts who need a refresher on groups in Africa and the Middle East While certain ethnic groups have been combined into a single entry some such as the Tuareg who are a Berber people are described within their own entries because of their importance in history or cultural domination

The Routledge Handbook of Crime Fiction and Ecology Nathan Ashman, 2023-10-27 The Routledge Handbook of Crime Fiction and Ecology is the first comprehensive examination of crime fiction and ecocriticism Across 33 innovative chapters from leading international scholars this Handbook considers an emergent field of contemporary crime narratives that are actively responding to a diverse assemblage of global environmental concerns whilst also opening up classic crime fictions and writers to new ecocritical perspectives Rigorously engaged with cutting edge critical trends it places the familiar staples of crime fiction scholarship from thematic to formal approaches in conversation with a number of urgent ecological

theories and ideas covering subjects such as environmental security environmental justice slow violence ecofeminism and animal studies The Routledge Handbook of Crime Fiction and Ecology is an essential introduction to this new and dynamic research field for both students and scholars alike *The State and the Social* Ørnulf Gulbrandsen,2012-03-01 Botswana has been portrayed as a major case of exception in Africa as an oasis of peace and harmony with an enduring parliamentary democracy blessed with remarkable diamond driven economic growth Whereas the failure of other states on the continent is often attributed to the prevalence of indigenous political ideas and structures the author argues that Botswana's apparent success is not the result of Western ideas and practices of government having replaced indigenous ideas and structures Rather the postcolonial state of Botswana is best understood as a unique complex formation one that arose dialectically through the meeting of European ideas and practices with the symbolism and hierarchies of authority rooted in the cosmologies of indigenous polities and both have become integral to the formation of a strong state with a stable government Yet there are destabilizing potentialities in progress due to emerging class conflict between all the poor sections of the population and the privileged modern elites born of the expansion of a beef and diamond driven political economy in addition to conflicts between dominant Tswana and vast other ethnic groups These transformations of the modern state are viewed from the long term perspectives of precolonial and colonial genealogies and the rise of structures of domination propelled by changing global forces *Blood, Sweat and Earth* Tiji Vanneste,2021-09-16 A sweeping history of our enduring passion for diamonds and the exploitative industry that fuels it Blood Sweat and Earth is a hard hitting historical exposé of the diamond industry focusing on the exploitation of workers and the environment the monopolization of uncut diamonds and how little this has changed over time It describes the use of forced labor and political oppression by Indian sultans Portuguese colonizers in Brazil and Western industrialists in many parts of Africa as well as the hoarding of diamonds to maintain high prices from the English East India Company to De Beers While recent discoveries of diamond deposits in Siberia Canada and Australia have brought an end to monopolization the book shows that advances in the production of synthetic diamonds have not yet been able to eradicate the exploitation caused by the world's unquenchable thirst for sparkle [Africa for Sale?](#) ,2013-06-15 The past several decades have witnessed a rise in foreign and domestic investments in Africa's arable land While such land projects are currently the focus of widespread media and scholarly interest the role of the state in driving negotiating and facilitating these acquisitions deserves closer attention This book analyzes how state land policies stakeholder interactions and privatization schemes interact to facilitate large scale land acquisitions It includes a study of the various forms of state intervention the influence of foreign agencies governments and private entities and a look at how states interact with local populations The inclusion of case studies in settings throughout the African continent should attract the interest of both an academic and non academic readership **Routledge Handbook of Indigenous Wellbeing** Christopher Fleming,Matthew Manning,2019-04-18 The Routledge Handbook of Indigenous Wellbeing consists of five themes

namely physical social and emotional economic cultural and spiritual and subjective wellbeing It fills a substantial gap in the current literature on the wellbeing of Indigenous people and communities around the world This handbook sheds new light on understanding Indigenous wellbeing and its determinants and aids in the development and implementation of more appropriate policies as better evidence informed policymaking will lead to better outcomes for Indigenous populations This book provides a reliable and convenient source of information for policymakers academics and students and allows readers to make informed decisions regarding the wellbeing of Indigenous populations It is also a useful resource for non government organizations to gain insight into relevant global factors for the development of stronger and more effective international policies to improve the lives of Indigenous communities **African Political Systems Revisited** Aleksandar

Bošković, Günther Schlee, 2022-04-08 Reexamining a classical work of social anthropology African Political Systems 1940 edited by Fortes and Evans Pritchard this book looks at the colonial and academic context from which the work arose as well as its reception and its subject matter and looks at how the work can help with analysis of current politics in Africa This book critically reflects upon the history of anthropology It also contributes to a political anthropology which is aware of its antecedents self reflexive as a discipline conscious of pitfalls and biases and able to locate itself in its academic social and political environment
