Bonnell, 2007-12 **The Gospel of Fred** Fred Wurlitzer, MD FACS, 2019-10-04 Dr Wurlitzer MD FACS has written an unusual book of religious poetry that he calls doggerel He addresses many hot topics in Christianity today that challenge modern minds Arcane and unusual topics such as the multiverse God thinking in eleven dimensions an itinerant Jesus redemption for early Hominids euthanasia the virgin birth abortion what is the soul and evolution are discussed from the standpoint of believing in Jesus Evidence is given for a great flood destruction of Sodom and Gomorrah and Jonah being swallowed by a big fish Put on your thinking caps because

these doggerels will challenge you to think Over the last several decades secularism has risen in America About twenty years ago only 5 percent approximately of the American population stated they did not go to church Today in America about 5 percent of the population are agnostics another 5 percent atheists and about 20 to 25 percent assert they do not go to church Although the reasons for increasing secularism in the United States has not been explained well by anyone a significant cause is the tendency in the modern age to believe in evolution and dismiss Adam and Eve as the first humans and cast aside the unusual topics Dr Wurlitzer addresses as being unimportant Thereby they dismiss the Bible and church as being irrelevant It is Dr Wurlitzer s hope that his book of religious doggerel will bring many doubting Christians back to God and a Christian church and encourage them to ask questions about unusual topics their pastors may tell them are trivial

Violence and the Genesis of the Anatomical Image Rose Marie San Juan,2022-11-28 Nothing excited early modern anatomists more than touching a beating heart In his 1543 treatise Andreas Vesalius boasts that he was able to feel life itself through the membranes of a heart belonging to a man who had just been executed a comment that appears near the woodcut of a person being dissected while still hanging from the gallows In this highly original book Rose Marie San Juan confronts the question of violence in the making of the early modern anatomical image Engaging the ways in which power operated in early modern anatomical images in Europe and to a lesser extent its colonies San Juan examines literal violence upon bodies in a range of civic religious pedagogical and exploratory contexts She then works through the question of how bodies were thought to be constituted systemic or piecemeal singular or collective and how gender determines this question of constitution In confronting the issue of violence in the making of the anatomical image San Juan explores not only how violence transformed the body into a powerful and troubling double but also how this kind of body permeated attempts to produce knowledge about the world at large Provocative and challenging this book will be of significant interest to scholars across fields in early modern studies including art history and visual culture science and medicine GOD'S
