CRM at the Speed of Light Paul Greenberg, 2001 eCRM provides business decision makers with straightforward advice and solid information on how to use eCRM software and the Internet to manage customer relationships. In addition to describing the evolution of CRM from old school sales management techniques it teaches techniques for opening new businesses and managing customer relations on the Web.

CRM at the Speed of Light, Fourth Edition Paul Greenberg, 2008-10-01 Social CRM is critical to business success in today's hyper connected environment. Customers' expectations are so great and their demands so empowered that a Social CRM strategy must be built around collaboration and customers' engagement, not traditional operational customer management. It's the company's response to the customer's control of the conversation that makes Social CRM work. Written by CRM guru Paul Greenberg, *CRM at the Speed of Light Fourth Edition* reveals best practices for a successful Social CRM implementation. Greenberg explains how this new paradigm involves the customer in a synergetic discussion to provide mutually beneficial value in a trusted and transparent business environment. Throughout this definitive volume you'll find examples of the new strategies for customer engagement and collaboration being used by cutting edge companies along with expert guidance on how your organization can and should adopt these innovations. *CRM at the Speed of Light Fourth Edition* reviews the latest technological developments in the operational side of CRM including vertical applications and explains the fundamentals of the multifaceted CRM framework. Praise for *CRM at the Speed of Light*: This book is a testament to Greenberg's profound grasp of the control revolution that is upon us. Customers seizing control from business. Citizens demanding control and accountability from their governments. Political campaigns and charities being rewarded by shifting power to their supporters. Quite simply it is the definitive work for anyone committed to putting the social customer at the center of their operation. Brian Komar, Director of Interactive Marketing and CRM Center for American Progress. With great insights, great stories and great information Paul Greenberg analyzes the impact of every major industry development on vendor/customer relationships.
