Croatia and the European Union Pero Maldini, Davor Pauković, 2016-03-09 The accession of Croatia to the EU marked the end of a long and arduous period of transition Croatia had to meet significantly higher criteria than previous states with suspicion and concerns among existing members about further enlargement increasing Meanwhile initially strong public support in Croatia

declined as inconsistencies in EU policy entry criteria and problems caused by the economic crisis all combined with fears about the loss of national identity and the ability to realize national interests The successful Croatian accession to the EU in 2013 shows that despite concerns on both sides the EU continues to have meaning and significance and that membership remains highly desirable Through nine mutually interrelated chapters the contributors speak not only about the political and social situation in Croatia but also prospects for the European Union itself

Croatia in the European Union Changes Development and Perspectives Davor Paukovic, 2015-11-01 For accession to the EU Croatia had to meet significantly higher criteria than previous states with suspicion and concerns among existing members about further enlargement increasing Meanwhile initially strong public support in Croatia declined as inconsistencies in EU policy entry criteria and problems caused by the economic crisis all combined with fears about the loss of national identity and the ability to realize national interests The successful Croatian accession to the EU in 2013 shows that despite concerns on both sides the EU continues to have meaning and significance and that membership remains highly desirable Through nine mutually interrelated chapters the contributors speak not only about the political and social situation in Croatia but also prospects for the European Union itself

as a textbook for advanced studies and as a useful reference source for professionals **Competitiveness and Private Sector Development Competitiveness in South East Europe A Policy Outlook 2018** OECD,2018-04-24 Future economic development and the well being of citizens in South East Europe SEE increasingly depend on greater economic competitiveness Realising the region s economic potential requires a holistic growth oriented policy approach Against the backdrop of enhanced European Union EU **Cohesion Policy and Multi-level Governance in South East Europe** Ian Bache,George Andreou,2013-09-13 This book considers the extent to which EU cohesion policy and related pre accession instruments are contributing to the development of more compound polities in south east Europe and specifically promoting multi level governance In this respect there are two points of departure the first is the argument that the EU is a highly compound polity that tends to pull member and candidate states in this direction the second is the considerable literature that links EU cohesion policy to the promotion of multi level governance Following this we have chosen a range of south east European states whose period of engagement with the EU generally differs Greece Slovenia Bulgaria Romania Croatia F Y R Macedonia and Turkey The case studies reveal that EU cohesion policy has created more compound polities but that system wide multi level governance remains weak and central governments are still prominent However there are interesting and potentially important developments in relation to particular features of multi level governance not least in states whose engagement with the EU in this sphere is relatively new This book was published as a special issue of Southeast European and Black Sea Studies
