Die Agonie Des Sowjetregimes:

Sowjet-Studien, 1966 *Die geteilte Vergangenheit* Jürgen Danyel, 2014-07-24 Keine ausführliche Beschreibung für die geteilte Vergangenheit verfügbar **Russian Studies and Comparative Politics** Frederic J. Flerns Jr., 2016-12-27 This book brings together several of the author's empirical studies that demonstrate the strength and utility of sociologist Robert Merton's classic middle range theory for understanding aspects of both Soviet and post Soviet Russian politics. Some of those studies demonstrate that testing middle range social science theory could take place even in the Soviet era when there were significant limitations of access to empirical data and meaningful field research in the USSR was all but impossible. In the introductory chapter the author explains the need for and advantages of studying Russian and Soviet politics from the perspective of middle range social science theory. Then follow three chapters analyzing methodological issues in Soviet post Soviet studies. The author presents his six empirical studies employing middle range social science theories to explore in Russia USSR dimensions of organizations ideology and decisionmaking technology transfer and cultural diffusion political culture public opinion and democratization and congruence of authority patterns in state society relations. The book concludes with a chapter arguing the advantages of thinking theoretically about Russian and Soviet politics with the establishment of a new epistemic community organized around studies employing middle range theory. This book presents examples of solutions to long standing debates between area studies and the academic disciplines and between idiographic and nomothetic approaches to knowledge in the social sciences. In contrast to the tradition of Carnivals and Cockfights in Russian Soviet area studies since the mid 20th Century the book offers a new way of approaching the study of Russian politics for the 21st Century Die Achsenmächte, Japan und die Sowjetunion Peter Herde, 2017-12-18 Die von den Amerikanern abgefangenen Telegramme Magic zwischen dem Außenministerium in Tokyo und den japanischen Botschaften in Berlin Rom und Moskau sind eine wichtige von der bisherigen Forschung bislang nur selten beachtete Aktengruppe. Es handelt sich um Hunderttausende in den National Archives of the U S in College Park Maryland verwahrte Akten die vielfältige neue Erkenntnisse in sich bergen. Peter Herde wertet diese aus und ediert die wichtigsten davon in der englischen Übersetzung der US Nachrichtendienste. Es ergibt sich ein differenziertes Bild der Beziehungen zwischen den Mitgliedern des Dreieckspakts untereinander sowie zwischen Japan und der Sowjetunion von 1941-1945. Detailliert wird das langsame Abbrechen der Sowjetunion vom japanisch sowjetischen Neutralitätspakt von 1941 und das Tuschungsmanöver Stalins bezüglich des geplanten Angriffs auf Japan zur Teilung der Beute dargestellt **Am Vorabend einer neuen Revolution?** Wolfgang Leonhard, 1975 *Narratives of Trauma*, 2015-06-29 Over the last decade German culture has been engaged in a re-examination of the traumatic events of the Second World War and their post war legacy in the public and private sphere. This shift in German memory culture from a focus on responsibility for the Holocaust to a focus on wartime suffering has attracted a lot of critical attention over the past decade in both Cultural and Literary Studies and History. This volume brings together

British German Dutch and American scholars from the fields of Cultural Studies History and Sociology to address the national and international significance of discourses of German wartime suffering in post war and contemporary Germany The focus of this interdisciplinary volume is both on the historical roots of the Germans as victims narratives and the forms of their continuing existence in contemporary public memory and culture The first three sections of this volume explore the conditions of German victim discourses in a variety of media and public arenas from historiography sociology literature and film to monuments civil defence bunkers and local public memory The final section sets the contemporary re articulation of German wartime suffering in an international context with respect to its reception and its reflection in both Western and Eastern Europe and Israel
