Childrens Rights Policy And Practice Second Edition

Bob Franklin

Children's Rights Policy And Practice Second Edition:

Children's Rights John T. Pardeck, 2006 This book covers the children's rights movement and the rights of parents. It examines the implications of children's rights for policy and practice with particular reference to children with disabilities and children in the care of protective services.

Children's Rights Jean A. Pardeck, 2012-11-12 Get up to date information on children's and parent's rights. Children have a basic human right to be free of abuse and maltreatment. The late Dr. John Pardeck's *Children's Rights Policy and Practice Second Edition* comprehensively explores the latest legal, psychological, sociological, policy, and child advocacy issues dealing with children's rights. Essential issues are clearly discussed involving children at home, in school, in foster care, and in residential facilities. This new edition of *The Haworth Social Work Practice Press* classic examines the practical and ethical issues inherent in balancing a child's right to self-determination against the same child's need to be protected. *Children's Rights Policy and Practice Second Edition* delves deep into the causes of abuse and neglect and offers help for families at risk. Techniques are presented for case and cause advocacy as well as venues for family and individual therapy. Other discussions address the role and function of child protective services and the juvenile justice system, a review of effective social policy to protect and care for children, family health and children's rights issues, and children's rights in schools and day care facilities. This essential exploration includes extensive references and notes, a list of Web sites, and a comprehensive glossary of influential legal rulings focusing on children's rights. *Children's Rights Policy and Practice Second Edition* includes over 100 pages of new and updated material on new rulings of the Americans with Disabilities Act (ADA) that have implications for children's rights, legal case studies, an overview and analysis of the Leave No Child Behind Act, children's rights and school violence, an expanded discussion on practice interventions focusing on various approaches for helping children adjust to substitute care, an expanded examination on advocacy and children's rights with emphasis on legal case studies as a tool for enhancing the rights of children, balancing theoretical considerations, solid information, and practical advice. *Children's Rights Policy and Practice Second Edition* is an essential resource for child welfare workers, attorneys, educators, students, parents, and social workers.

The Challenge of Children's Rights for Canada, 2nd edition Katherine Covell, R. Brian Howe, J.C. Blokhuis, 2018-08-30 More than a quarter of a century has passed since Canada promised to recognize and respect the rights of children under the United Nations Convention on the Rights of the Child. Ratification of the Convention cannot, however, guarantee that everyone will abandon proprietary notions about children or that all children will be free to enjoy the substance of their rights in every social and institutional context in which they find themselves, including and perhaps especially within families. This disconnect remains one of the most important challenges to the recognition of children's rights in Canada. The authors argue that social toxins are as harmful to children's independent welfare and developmental interests as environmental toxins and that both must be eradicated if Canada is to fulfill its commitments under the Convention. They also argue that if Canada wishes to ensure the substance of the rights

outlined in the Convention are socially guaranteed an attitudinal or cultural shift is required concerning the moral and legal status of children This revised expanded and updated edition of the bestselling *Challenge of Children's Rights for Canada* will be of interest to academics policymakers parents teachers social workers and human service professionals indeed to anyone who cares about and for children **PeaceJam** Ivan Suvanjieff,Dawn Gifford Engle,2008-08-21 The Dalai Lama the Archbishop Desmond Tutu Costa Rican president Oscar Arias and political rights activist Aung San Suu Kyi are just some of the Nobel Peace Laureates who have joined the PeaceJam Foundation in their Global Call to Action This book profiles all of these laureates and their work with teens around the world as they combine forces to help stop the spread of disease promote women's rights provide equitable access to food and water and more Combining profiles of the laureates including personal bios heartwarming tales of the youth and their projects and tips on how readers can get involved this is a comprehensive guide to the PeaceJam Foundation Both humbling and inspiring PeaceJam A Billion Simple Acts of Peace is sure to excite anyone who picks it up to think about simple ways to help make our world a better place Children's Rights in Education Stuart N.
