

A CHILD'S BOOK OF TRUE CRIME

"A striking, ambivalent first novel . . ."

*"Hooper forces open her material
so that it resonates beyond itself, and the story
she tells . . . steadily and luminously grows."*

Childs True Crime:

A Child's Book of True Crime Chloe Hooper, 2003-04-08 In what The New York Times calls a striking ambitious first novel Hooper brilliantly portrays a young woman reluctant to conform to the world of adults Kate Byrne is having an affair with the father of her most gifted fourth grader whose disturbing drawings may foretell her future *Suffer the Little Children* Barbara Davis, 1999 On October 16 1991 the badly decomposed body of 11 year old Melissa Moody was found in the woods near Boswell Oklahoma She had been raped and murdered by her uncle Jesse James Cummings Only when one of his wives herself a victim of his abuse found the strength to turn against him do police get the evidence they need to put him on death row Includes 12 pages of photos Killer Kids Clifford L. Linedecker, 2011-04-01 A classic collection of ten true crime stories of children driven to murder their parents Innocent children turned ruthless murderers Hate filled and deeply disturbed They kill with cold blooded savagery Nothing was too good for precious Katy sports cars jewelry designer clothes Her father a successful South Florida businessman could not resist any of her whims But when he tried to curb her fast lane lifestyle she had him shot through the head while he slept Behind closed doors of her suburban Chicago home Nancy Knuckles was a sadistic disciplinarian who for years terrorized her four children with religious fanaticism beatings and psychological torture until they finally rebelled with a vengeance After the oldest daughter strangled mom and stuffed her in a trunk the kids partied hard inviting their friends over for booze and rock n roll Susan Cabot was a beautiful B movie queen and obsessive mother Her son Tim born a dwarf was pumped full of experimental drugs extracted from cadavers to increase his height When the ex film star s badly beaten body was discovered in her Hollywood home little Timmy claimed she had been killed by men using Ninja methods before confessing **Killer Kids** is Clifford L Linedecker s shocking true crime book of children who turn to murder **Little, Crazy Children** James Renner, 2023-06-27 For readers of Ann Rule and Gregg Olsen a riveting new true crime book from the acclaimed author of True Crime Addict and creator host of the podcasts True Crime This Week and The Philosophy of Crime as he explores the unsolved murder of 16 year old Lisa Pruett in the real life town of the bestselling novel Little Fires Everywhere for a painstakingly researched account of a senseless and heartbreaking tragedy and the people who were pulled into its aftermath In September of 1990 in the Cleveland suburb of Shaker Heights sixteen year old Lisa Pruett a poetry lover and member of a church youth group was on her way to a midnight tryst with her boyfriend when she was viciously stabbed to death only thirty feet from the boy s home The murder cast a palpable gloom over the upscale community and sparked accusations theories and rumors among Lisa s friends and peers Together they wove a damning narrative that circled back to a likely suspect weird high school outcast Kevin Young Without a shred of evidence the teen was arrested charged and tried for the crime His eventual acquittal didn t squelch the anger and outrage among those who believed that Kevin got away with murder With a fresh perspective and painstaking research culled from police files court records transcripts uncollected evidence and new interviews James Renner reconstructs the events leading

up to and following that heartbreaking night What emerges is a portrait of a community seething with dark undercurrents its single minded authorities protective status conscious parents and the deeply peer pressured teens within Lisa s circle Who had the capacity for such unchecked violence What monsters still lurk in the dark After more than thirty years questions like these continue to fester among the community of Shaker Heights Ohio still deeply scarred by wounds that remain hidden unspoken and unhealed

Killer Parents: True Crime Sylvia Perrini,2015-01-06 SHOCKING CASES OF PARENTS WHO HAVE KILLED THEIR PARENTS One of the hardest things someone can live through is the loss of a child after all children are not supposed to die before their parents do It goes against the natural order of things Therefore it is unimaginable that someone would want to take the life of their own child or children Unfortunately this type of heinous act is something that has occurred multiple times over in the history of the United States and United Kingdom and elsewhere in the world Of all the hideous violent crimes that are committed the murder of one s own children one s own flesh and blood are the most baffling The majority of parents thank goodness would do anything to protect their children and would even die to save their children So for a parent to look at his or her child perhaps hear their pleas and cries and watch their uncomprehending faces and murder them is almost too heinous to think about In this book bestselling author Sylvia Perrini examines numerous profiles of mother s and father s who have murdered their children

Killer Kids: Parricide Sylvia Perrini,2015-01-03 KILLER KIDS PARRICIDE The ancient Greeks initiated the name parricide for the murder of a parent Thankfully the crime of parricide is a fairly rare occurrence but no matter how rare parricide remains one of the most profound of all taboos in all societies It directly contravenes a universal cultural and religious principle that children must honor their parents To murder ones parents is the most definitive act of rebellion against society s rules and order Every human family is a unique and complex unit It operates and malfunctions in its own distinctive way As a result families can create a rich assortment of murderous motives Seriously abused children murder their abusive parent to put a stop to the abuse Seriously antisocial children murder their parent in order to advance their own ambitions In these cases the parent is a hindrance in their desire to achieving what they crave These individuals for instance might murder to continue to have a relationship with a person of whom the parents disapprove may murder to have more freedom or to become heir to money they believe is sooner or later going to be theirs Seriously mentally ill kids murder the parent basically as a consequence of their mental illness Commonly made diagnoses consist of severe depression and psychosis This book has 10 horrific true crime stories of children killing their parent s All of the cases profiled in this book are tragedies This is book 8 in the Murder In The Family Series by Sylvia Perrini and we invite you to read this one as well as the other true crime murder stories in this series and in her other True Crime Stories series

Murdered American Children Clyde Wesler,2021-06-21 Between 1979 and 1981 approximately 29 African American children teens and young adults mostly boys were kidnapped and murdered A majority of the killings shared common details This is a true crime thriller chronicling a city frozen in fear for two years and 28 murders of children

and young people while under the vigilant eyes of a Task Force of Federal and State agents ending with the sensational trial of Wayne B Williams in 1982 Why were the victims murdered Was the dog hair and fibers valid evidence in the trial of Williams How was the unusual triangular shaped fiber found on victims traced to a manufacturer then to a carpet maker then to the suspect's bedroom carpet Was Wayne Williams the real serial killer Was the KKK involved in the killings The book reveals the facts you be the Judge With police sharpshooters on the roof of the courthouse a carnival like atmosphere existed

Hush Little Babies Don Davis, 2007-04-01 A killing so brutal it shocked the police and left the nation grieving Hush Little Babies is the appalling true story of Darlie Routier the neighborhood's most wonderful mom who one night coldly calculatingly and brutally stabbed her two sons and watched them die in a pool of their own blood Darlie claimed an intruder has come through the window fatally stabbed her sons six year old Devon and five year old Damon slashed her throat with same knife then fled while her husband and infant son slept upstairs At first Darlie's heartfelt testimony evoked fear and sympathy in her safe Dallas community Then police became suspicious after these troubling questions were raised Why according to a police report didn't Darlie make any attempt to help her dying sons Why when she called 911 did she tell the dispatcher that her own fingerprints would be on the murderer's knife because she had picked it up Why did the trail of blood left behind contradict Darlie's testimony From the dark forces that drove her to kill her own flesh and blood to the evidence that snared her in her own twisted web here is a chilling account of homemaker loving wife mother of three and cold blooded killer Darlie Routier

Child Sexual Abuse David Pilgrim, 2018-01-30 Child sexual abuse is a major public policy challenge Many child protection measures were beginning to reduce its occurrence However that progress was impeded by online grooming the downloading of indecent images of children and even their abuse online in real time This now places major demands on national and international policing The book brings together groundbreaking case studies from a wide range of settings As well as family members and those near the home offenders can also be found in religious sporting and childcare settings This extensive picture is drawn deliberately in order to highlight a split in the academic analysis of child sexual abuse The mainstream or orthodox view defended by the author is that child sexual abuse is an under reported crime However a minority view presented but criticised is that it is a moral panic created by public hysteria child protection experts and campaigning politicians By the end of the book this division of academic opinion and its implications for public policy are explored in detail The book is essential reading for anyone interested in preventing child sexual abuse and the dilemmas of responding to both victims and perpetrators It will be of particular use to practitioners in social work the police and in the mental health professions
