China's High Technology Development U.S.-China Economic and Security Review Commission, 2005 China's High Technology Development, April 21 and 22, 2005, 109-1 Hearing, *, 2005 Fortifying China Tai Ming Cheung, 2013-04-15 Fortifying China explores the titanic struggle to turn China into an aspiring world class military technological power The defense economy is leveraging the country's vibrant civilian economy and gaining access to foreign sources of technology and know how Drawing on extensive Chinese language sources Tai Ming Cheung explains that this transformation has two key dimensions The defense economy is being reengineered to break down bureaucratic barriers and reduce the role of the state fostering a more competitive and entrepreneurial culture to facilitate the rapid diffusion and absorption of technology and knowledge At the same time the civilian and defense economies are being integrated to form a dual use technological and industrial base In Cheung's view the Chinese authorities believe this strategy will play a key role in supporting long term defense modernization For China's neighbors and the United States understanding China's technological industrial and military capabilities is critical to the formulation of economic and security policies Fortifying China provides crucial insight into the impact of China's dual use technology strategy Cheung's systems of innovation framework considers the structure dynamics and performance of the defense economy from a systems level perspective Labor, Class Formation, and China's Informationized Policy of Economic Development Yu Hong, 2011-03-31 In Labor Class Formation and China's Informationized Policy of Economic Development Yu Hong examines crucial connections between the evolving political economy of information and communications technology ICT and the reconstitution of class relations in China Situating China's ICT development over the last thirty years at the intersection of transnational trends domestic policies and institutional arrangements Hong shows how evolving class relations in the ICT sector are shaped by and shaping the transnational capitalist dynamics and domestic socio economic transformations She goes on to argue that the huge and still expanding pool of Chinese ICT workers and their newly attained identities as wage labor rather than consumers constitute a missing but important dimension of human experiences of the rise of the information society **OECD Reviews of Innovation Policy: China 2008** OECD, 2008-08-18 This report assesses the current status of China's national innovation system and policies and recommends improvements required in both the policy and institutional environments for China to succeed in promoting innovation through a market based approach **Chinese Foreign Direct Investment** Tao Qu, Milford B. Green, 2018-08-17 First published in 1997 this volume emerged in the wake of China's Open Door policy Qu and Green focus on the spatial aspects of foreign direct investment within China They aim to locate FDI within a subnational context with particular reference to the Chinese experience between 1979 and 1993 Issues explored include the philosophy objectives and process of inducing FDI the choice of cities and the country of origin effect Issues explored include the philosophy objectives and process of inducing FDI the choice of cities and the country of origin effect Venture Capital and the Corporate

Governance of Chinese Listed Companies Lin Zhang, 2024-10-22 During the last ten years China has made remarkable progress in the development of its venture capital market however Chinese domestic venture capital has been marginalized by American competitors Using American venture capital as a mirror this book empirically demonstrates that Chinese domestic venture capital lacks the four factors related to the success of their American counterparts large and independent funding application of incentive mechanisms efficient exit channels and a high risk tolerance level More importantly the author shows how these defects are closely linked to the corporate governance of state controlled listed companies Featuring updated data and new developments since the publication of the first edition in 2012 with a focus on corporate social responsibility and the stakeholder oriented model in Chinese small and medium sized enterprises SMEs this new edition demonstrates the negative economic and social impact of corporate governance of Chinese state controlled listed companies and identifies potential policy reforms to harmonize agency costs and adaptive efficiency This book is great for researchers scholars students and policymakers interested in corporate governance of Chinese venture capital markets

The Inside Story of China's High-Tech Industry Yu Zhou, 2008 In the 1980s China faced the monumental task of creating from scratch internationally competitive companies This challenge was especially daunting in the information and communications technology sector The Inside Story of China's High Tech Industry describes the emergence and growth of this industry through an analysis of China's leading science park Beijing's Zhongguancun Zhou argues that in the case of China it is the conjunction of export and domestic markets that has provided the main impetus to technological learning and the development of industry competitiveness This is the best treatment to date of China's most important innovation region

Almanac of China's Foreign Economic Relations and Trade, 2000 **Plunkett's Outsourcing & Offshoring Industry Almanac 2007: Outsourcing and Offshoring Industry Market Research, Statistics, Trends & Leading Companies** Plunkett Research, 2006-06 A market research guide to the outsourcing and offshoring industry it is a tool for strategic planning competitive intelligence employment searches or financial research It includes profiles of Outsourcing and Offshoring Industry Firms such as addresses phone numbers and more It also contains trends statistical tables and a glossary
