Sikkim B.S. Joshi, 2023 *China's India War* Bertil Lintner, 2018-01-25 The Sino Indian War of 1962 delivered a crushing defeat to India not only did the country suffer a loss of lives and a heavy blow to its pride the world began to see India as the provocateur of the war with China merely defending its territory This perception that China was largely the innocent victim

of Nehru's hostile policies was put forth by journalist Neville Maxwell in his book *India's China War* which found readers in many opinion makers including Henry Kissinger and Richard Nixon. For far too long Maxwell's narrative which sees India as the aggressor and China as the victim has held court. Nearly 50 years after Maxwell's book Bertil Lintner's *China's India War* puts the border dispute into its rightful perspective. Lintner argues that China began planning the war as early as 1959 and proposes that it was merely a small move in the larger strategic game that China was playing to become a world player one that it continues to play even today.

Britain and Tibet 1765-1947 Julie G. Marshall, 2005 This bibliography is a record of British relations with Tibet in the period 1765 to 1947. As such it also involves British relations with Russia and China and with the Himalayan states of Ladakh, Lahul and Spiti, Kumaon and Garhwal, Nepal, Sikkim, Bhutan and Assam in so far as British policy towards these states was affected by her desire to establish relations with Tibet. It also covers a subject of some importance in contemporary diplomacy. It was the legacy of unresolved problems concerning Tibet and its borders bequeathed to India by Britain in 1947 which led to border disputes and ultimately to war between India and China in 1962. These borders are still in dispute today. It also provides background information to Tibet's claims to independence, an issue of current importance. The work is divided into a number of sections and subsections based on chronology, geography and events. The introductions to each of the sections provide a condensed and informative history of the period and place the books and article in their historical context. Most entries are also annotated. This work is therefore both a history and a bibliography of the subject and provides a rapid entry into a complex area for scholars in the fields of international relations and military history as well as Asian history.

Protracted Contest John W. Garver, 2011-07-01 Ever since the two ancient nations of India and China established modern states in the mid 20th century they have been locked in a complex rivalry ranging across the South Asian region. Garver offers a scrupulous examination of the two countries' actions and policy decisions over the past fifty years. He has interviewed many of the key figures who have shaped their diplomatic history and has combed through the public and private statements made by officials as well as the extensive record of government documents and media reports. He presents a thorough and compelling account of the rivalry between these powerful neighbors and its influence on the region and the larger world.

Boundaries and Borderlands Alka Acharya, 2022-07-21 The Simla Convention of 1914 held between Great Britain, China and Tibet demarcated the border between India and Tibet and gave birth to the McMahon Line. This volume critically examines the legacy of the 1914 Convention and explores its relevance in scholarly discourse about the status of Tibet and Sino-Indian relations more than a hundred years later. The book discusses the significance of the Simla Convention both in terms of the geopolitics of boundaries as well as the people and the liminal borderlands they occupy, encapsulating the culture and diversity of the trans-Himalayan regions. The book explicates how colonial legacies, namely the 1914 Simla Convention, have become virtual straitjackets hardening the positions on the boundaries between India and China. It also looks at the debilitating consequences of the nation-state framework on more

substantial investigations of the borderlands Rich in archival material and drawing from the authors fieldwork in the Himalayan regions this book analyses muted voices of the inhabitants of the region to bring into focus the larger question of the political economic religious ecological and social life of the Himalayan peoples which has enormous implications for both India and China This volume will be of interest to students of history international relations sociology strategic studies Asian studies and anthropology

Strong Borders, Secure Nation M. Taylor Fravel, 2008-08-25 As China emerges as an international economic and military power the world waits to see how the nation will assert itself globally Yet as M Taylor Fravel shows in *Strong Borders Secure Nation* concerns that China might be prone to violent conflict over territory are overstated The first comprehensive study of China's territorial disputes *Strong Borders Secure Nation* contends that China over the past sixty years has been more likely to compromise in these conflicts with its Asian neighbors and less likely to use force than many scholars or analysts might expect By developing theories of cooperation and escalation in territorial disputes Fravel explains China's willingness to either compromise or use force When faced with internal threats to regime security especially ethnic rebellion China has been willing to offer concessions in exchange for assistance that strengthens the state's control over its territory and people By contrast China has used force to halt or reverse decline in its bargaining power in disputes with its militarily most powerful neighbors or in disputes where it has controlled none of the land being contested Drawing on a rich array of previously unexamined Chinese language sources *Strong Borders Secure Nation* offers a compelling account of China's foreign policy on one of the most volatile issues in international relations

Routledge Handbook of China-India Relations Kanti Bajpai, Selina Ho, Manjari Chatterjee Miller, 2020-02-25 The *Routledge Handbook of China India Relations* provides a much needed understanding of the important and complex relationship between India and China Reflecting the consequential and multifaceted nature of the bilateral relationship it brings together thirty five original contributions by a wide range of experts in the field The chapters show that China India relations are more far reaching and complicated than ever and marked by both conflict and cooperation Following a thorough introduction by the Editors the handbook is divided into seven parts which combine thematic and chronological principles Historical overviews Culture and strategic culture constructing the other Core bilateral conflicts Military relations Economy and development Relations with third parties China India and global order This handbook will be an essential reference work for scholars interested in International Relations Asian Politics Global Politics and China India relations

China's Quest John W. Garver, 2016 *China's Quest* the result of over a decade of research writing and analysis is both sweeping in breadth and encyclopedic in detail Quite simply it will be essential for any student or scholar with a strong interest in China's foreign policy This new and revised edition includes an additional chapter and new analysis which address China's strategies in the aftermath of the Western economic crisis Xi Jinping's embrace of assertive nationalism the China Dream and restoration of China's leading global status and the One Belt One Road and communities of common destiny initiatives
