Market Lin Zhang, 2014-12-01 The venture capital market in China has been developing for over twenty years Over this period the legal frameworks surrounding China's venture capital have evolved significantly China's Venture Capital Market addresses this important topic and argues for further improvements in legal frameworks for venture capital in China The book consists of five chapters each covering an aspect of venture capital in China The first chapter profiles the venture capital market The second third and fourth chapters consider the legal problems and suggest reform measures for fundraising in operation of and exit from Chinese venture capital The book concludes by asking how long it will take for reform measures to take place in China Fills a gap in the market by weighing up the pros and cons of the legal system under which venture capital operates in China Contains primary source material including interviews with Chinese venture capitalists Gives new case studies of Chinese venture capital **How to Make A Mao Suit** Antonia Finnane, 2023-08-03

Revisionist history of the transformation of clothing in China during the Mao years 1949-1976 **The British National Bibliography** Arthur James Wells, 2009 **The Chinese Corporate Ecosystem** Colin S. C. Hawes, 2022-08-04 Challenging simplistic claims that Chinese corporations merely serve Communist Party goals this book argues we cannot understand these corporations without tracing their dynamic evolution within a unique socio-political ecosystem Vivid case studies illuminate the strange hybrid structures and networks that are essential for corporate success in the Chinese habitat Tracing the reciprocal impacts between Chinese corporations and their environment Colin S C Hawes reveals how corporations' political adaptations have raised serious obstacles for their international expansion and worsened China's environmental crisis Adopting an interdisciplinary approach that synthesizes insights from behavioural economics science and Chinese philosophy this book proposes innovative solutions to the damaging impacts of Chinese corporations It makes a compelling case for redirecting the vital energy of corporations and government officials in more productive and sustainable directions

China and the West Lili Hernández, 2012-03-15 The meeting point between China and the West is a striking subject in a wide range of disciplines This collection scrutinises how China and the West interact in aspects of culture arts politics and

everyday life Within a complex web of actors dimensions technologies spaces and social structures cultural encounters are nevertheless problematic China and the West come together within the stream of a global world The essays in this anthology analyse new and emerging dynamics that challenge authoritative views imposed on the other while deconstructing traditional responses to otherness too Bringing these essays together responds to a commitment to a critical assessment of the various shapes that such convergence takes within globalisation China and the West Encounters with the Other in Culture Arts Politics and Everyday Life will appeal to scholars and practitioners in communications the visual arts cultural studies sociology media studies anthropology literature and politics The non academic reader interested in the vibrant and emerging interface between China and the West will find this enlightening too

East Asian Capitalism Andrew Walter,Xiaoke Zhang,2012-07-26 The increasing economic and political importance of East Asia in the global political economy requires a deeper analysis of the nature of the capitalist systems in this region than has been provided by the existing literature on comparative capitalisms This volume brings together conceptual and empirical analyses of the evolving patterns of East Asian capitalism against the backdrop of regional and global market integration and periodic economic crises since the 1980s Focusing on China Japan South Korea Indonesia the Philippines Malaysia Taiwan and Thailand it provides an interdisciplinary account of variations continuities and changes in the institutional structures that govern financial systems industrial relations and product markets and that shape the evolution of national political economies While the volume encompasses a range of different cases specific issues and diverse methodologies all the chapters address two dominant themes the continuities and changes in the institutional underpinnings of capitalist development and the main driving forces behind them The book thus provides an integrated analysis of how changing institutional practices in business financial and labour systems interact and affect the evolution of capitalist political economies in the region
