[Exploring Criminal Justice: the Essentials](#), **Concealed Carry and Home Defense Fundamentals** Michael Martin, 2013-01-01 **Workplace Security Essentials** Eric N. Smith, 2014-03-18 Whether you are a business owner, department manager, or even a concerned employee, Workplace Security Essentials will show you how to improve workplace safety and security using real-life examples and step-by-step instructions. Every organization, be it large or small, needs to be prepared to protect its facilities, inventory, and most importantly, its staff. Workplace Security Essentials is the perfect training resource to help businesses implement successful security measures, boost employee morale, and reduce turnover; protect the company's reputation and public profile; and develop the ability to process and analyze risks of all kinds. Workplace Security Essentials helps the reader understand how different business units can work together and make security a business function, not a burden or extra cost. Shows how to identify threats using tried and true methods for assessing risk in any size organization. Uses real-world examples and scenarios to illustrate what can go wrong and what can go right when you are prepared. Prepares the reader for worst-case scenarios and domestic violence that may spill over into the workplace. Provides a clear understanding of various electronic systems, video surveillance, and burglar alarms, and how to manage a security guard force. **The Practical Pistol Manual** Bill Clede, 1997 Since more than 26 states have passed laws requiring training for concealed carrying of firearms, citizens and police have a duty to teach the safe and responsible use of the weapons. In eight other states that permit concealed carry with no training required, men and women have a moral obligation to learn how to carry and use their firearms safely and responsibly. This handy little book contains everything a novice gun owner needs to know to start learning the basics of competent and safe pistol use, as well as the essentials of using a gun in a potentially violent confrontation with a criminal. It is an ideal textbook for state courses required for concealed carry permits. While there are many excellent books on handguns, marksmanship, and self-defense, all are designed for those who want to be expert in those subjects. There are no other books which address the specific concerns of someone who simply wants to carry a concealed firearm safely and responsibly until now. Bill Clede serves on the Connecticut State Police Firearms Advisory Committee, which determines what training in his state will and will not include. A fruitless search for a suitable text is what prompted him to develop this book. One of Clede's primary goals is teaching how to avoid

discharging the firearm in the first place defusing aggressive behavior without resorting to shooting someone The Practical Pistol Manual brings all these concerns together safety competent shooting and how to deal with violent behavior in one concise and affordable book This is the only book that fills the need of a text for novices that covers safety competent shooting and how to deal with potentially violent encounters **The Ultimate Shooting Skills Manual** John B.
