Conclave The Politics Personalities And Process Of The Next Papal Election:

Conclave John Allen, 2002-07-23 A captivating insider's guide to the politics and personalities that will have a tremendous impact on one of the world's most secretive and important events: the election of a pope. The next time a conclave unfolds in Rome, some 6,000 journalists are expected to descend on the Eternal City to cover the death of John Paul II and report on the election of his successor. The man in white who emerges from the Sistine Chapel at its conclusion will automatically become one of the most important figures on earth: a leader who commands a unique combination of political and spiritual power. Depending on how he chooses to exercise that power, governments and political systems may rise or fall, religious wars may heat up or abate, and the Church may undergo a radical transformation from changes in its stances on such issues as sexuality, the place of women in the Church, to the role of the papacy itself. **Conclave** is a fascinating look at the election process and at what this headline-making occasion will mean to the world. John L. Allen Jr. takes readers behind the scenes to reveal the issues, parties, and people most likely to determine the outcome. Setting the election within a broader context, he explains why it matters who becomes pope, discusses their role in the modern world, and examines the issues that will form the agenda of the next papacy. Although the book is not intended as a handicapper's guide, Allen does offer his own informed list of the top twenty contenders for the position. He creates as well a classification system that clarifies the differences among the informal political parties that exist within the College of Cardinals, the body of 130 plus men who will elect John Paul II's successor. In conclusion, he presents a critical, independent-minded profile of each of those cardinals for one of them will certainly be the new pope.

Conclave John L. Allen (Jr), 2005 *The Two Popes* Anthony McCarten, 2025-10-16 THE STORY BEHIND THE SCREENPLAY OF THE TWO POPES THE MAJOR MOTION PICTURE STARRING ANTHONY HOPKINS AND JONATHAN PRYCE PREVIOUSLY PUBLISHED AS THE POPE From the Academy Award-nominated screenwriter of *The Theory of Everything* and *Darkest Hour* comes the fascinating and revealing tale of an unprecedented transfer of power and of two very different men who both happen to live in the Vatican. In February 2013, the arch-conservative Pope Benedict XVI made a startling announcement: he would resign, making him the first pope to willingly vacate his office in over 700 years. Reeling from the news, the College of Cardinals rushed to Rome to congregate in the Sistine Chapel to pick his successor. Their unlikely choice, Francis, the first non-European pope in 1,200 years, a one-time tango club bouncer, a passionate soccer fan, a man with the common touch. Why did Benedict walk away at the height of power, knowing his successor might be someone whose views might undo his legacy? How did Francis, who used to ride the bus to work back in his native Buenos Aires, adjust to life as leader to a billion followers? If, as the Church teaches, the pope is infallible, how can two living popes who disagree on almost everything both be right? Having immersed himself in these men's lives to write the screenplay for *The Two Popes*, Anthony McCarten masterfully weaves their stories into one gripping narrative. From Benedict and Francis's formative experiences in war-torn Germany and Argentina to the sexual abuse scandal

that continues to rock the Church to its foundations to the intrigue and the occasional comedy of life in the Vatican The Two Pope glitters with the darker and the lighter details of one of the world s most opaque but significant institutions **The Pope** Anthony McCarten,2019-01-29 THE STORY BEHIND THE SCREENPLAY OF THE TWO POPES THE MAJOR MOTION PICTURE STARRING ANTHONY HOPKINS AND JONATHAN PRYCE From the Academy Award nominated screenwriter of The Theory of Everything and Darkest Hour comes the fascinating and revealing tale of an unprecedented transfer of power and of two very different men who both happen to live in the Vatican In February 2013 the arch conservative Pope Benedict XVI made a startling announcement he would resign making him the first pope to willingly vacate his office in over 700 years Reeling from the news the College of Cardinals rushed to Rome to congregate in the Sistine Chapel to pick his successor Their unlikely choice Francis the first non European pope in 1 200 years a one time tango club bouncer a passionate soccer fan a man with the common touch Why did Benedict walk away at the height of power knowing his successor might be someone whose views might undo his legacy How did Francis who used to ride the bus to work back in his native Buenos Aires adjust to life as leader to a billion followers If as the Church teaches the pope is infallible how can two living popes who disagree on almost everything both be right Having immersed himself in these men s lives to write the screenplay for The Two Popes Anthony McCarten masterfully weaves their stories into one gripping narrative From Benedict and Francis s formative experiences in war torn Germany and Argentina to the sexual abuse scandal that continues to rock the Church to its foundations to the intrigue and the occasional comedy of life in the Vatican The Pope glitters with the darker and the lighter details of one of the world s most opaque but significant institutions Selecting the Pope Greg Tobin,2009 An updated version of the compelling guide by award winning author Greg Tobin Tobin reveals all the rules and rituals involved in the secretive process of electing the pope along with the rich history of the conclave and the key concerns that will shape the future of the Catholic Church This edition features new information on the death and funeral of John Paul II a revised and up to the minute Issues section and coverage of Pope Benedict s most recent trip to the US as well as a discussion of his relationship to the Islamic world Plus Tobin offers some thoughts on who the next pope might be examining the potential contenders and hazarding some predictions Love Is a Journey Mo Guernon,2025-05-06 Love is a Journey is the remarkable story of Albino Luciani known to the world as Pope John Paul I from his harrowing birth to his tragic death just 33 days into his 1978 pontificate the shortest pontificate in history After years of dedicated archival research and after interviewing dozens of figures in the Catholic hierarchy as well as Pope John Paul I s niece author Mo Guernon explores Luciani s family history personality and character to reveal the very essence of the man who became known as the Smiling Pope Guernon analyzes Luciani s major public pronouncements and his most significant writings which shed considerable light on his fundamental beliefs and worldview In the concluding chapters of the book Guernon assesses Pope John Paul I s legacy and journey toward sainthood and the beguiling question of how the Catholic Church might have evolved had his

pontificate endured through the 1980s and beyond The events of Luciani s life are so compelling so remarkable so fast moving that the narrative reads like a novel Guernon paints a multi dimensional portrait of the man that prominently displays his virtues and shortcomings successes and failures heroic deeds and personal doubts about his own courage He highlights Luciani s progressive views of issues of his time the crises in his personal and priestly life his discomfort with the spotlight and his anxiety about succeeding the popular Pope Paul VI the relative simplicity of his inauguration as pope and the unprecedented power he wielded on those with whom he came into contact both personally and through the mass media Above all Guernon attempts to capture the pope s mysterious ability to engender love among people of all faiths and nonbelievers too with his inimitable humility and almost divine smile A striking example of his influence came from punk rocker Patti Smith who was so enamored of Luciani that she wrote a song about the pope and dedicated her 1979 album Wave to him Pope John Paul I s impact on the world during his 33 day pontificate was simultaneously profound and perplexing and until now underappreciated In little more than a month the Luciani dazzled people of all ages races and nations while modernizing the papacy and establishing an ambitious agenda for promoting peace and dialogue among all peoples a program subsequently carried out by his successors particularly Pope Francis And in fact Pope Francis established the Vatican Pope John Paul I Foundation in memory of his beloved mentor Never has a world leader accomplished so much in so little time Opus Dei John L. Allen,2006 The first serious journalistic investigation of the highly secretive controversial organization Opus Dei provides unique insight about the wild rumors surrounding it and discloses its significant influence in the Vatican and on the politics of the Catholic Church Opus Dei literally the work of God is an international association of Catholics often labeled as conservative who seek personal Christian perfection and strive to implement Christian ideals in their jobs and in society as a whole It has been accused of promoting a right wing political agenda and of cultlike practices Its notoriety escalated with the publication of the runaway bestseller The Da Vinci Code Opus Dei plays an important and sinister role in the novel With the expert eye of a longtime observer of the Vatican and the skill of an investigative reporter intent on uncovering closely guarded secrets John Allen finally separates the myths from the facts From publisher description
