Concrete Poems Football:

Football and Literature in South America David Wood, 2017-02-10 South America is a region that enjoys an unusually high profile as the origin of some of the world's greatest writers and most celebrated footballers. This is the first book to undertake a systematic study of the relationship between football and literature across South America. Beginning with the first football poem published in 1899, it surveys a range of texts that address key issues in the region's social and political history. Drawing on a substantial corpus of short stories, novels, and poems, each chapter considers the shifting relationship between football and literature in South America across more than a century of writing. The way in which authors combine football and literature to challenge the dominant narratives of their time suggests that this sport can be seen as a recurring theme through which matters of identity, nationhood, race, gender, violence, politics, and aesthetics are played out. This book is fascinating reading for any student, scholar, or serious fan of football, as well as for all those interested in the relationship between sports, history, literature, and society. *Using Mentor Texts to Teach 6 + 1 Writing Traits* Beverly A.

DeVries, 2022-12-30 In this book, you'll find a wealth of mini-lessons designed to improve the quality of students' writing. Each lesson uses a key mentor text and spotlights one of the 6 + 1 Writing Traits to allow students to focus on the essential aspects of good writing: content, organization, word choice, voice, sentence fluency, conventions, and presentation. Inviting and practical, the lessons are concise and follow a consistent model for easy implementation. With seven lessons per chapter, each includes step-by-step guidance, open-ended prompts, and suggestions for additional suitable mentor texts. The chapters are organized by genre, including fiction, informational texts, and poetry, and feature graphic novels and graphic informational mentor texts to inspire and engage students. Aligned with the Common Core State Standards, this resource is essential for any K-8 or pre-service teacher who wants to instill in their students the skills to become independent confident writers.
