**Cosmic Christianity** Tim Cleary, 2019-04-04 We are living in a very interesting and unique time in human history The pace of change of technology and of our society as a whole is dizzying perhaps even disorienting With the rise of artificial intelligence and the decoding of the human genome we stand at the threshold of paradigm shifting discoveries and innovation that may redefine what it means to be human This is an era defined by tension and infighting between the spheres of science and religion Indeed this has been a dominant trend since the nineteenth century For many modern rational thinkers the wisdom of our religious traditions has become outmoded and ought be relegated to the dustbins of history Despite this the human heart continues to long for the profound the meaningful and the sacred things our spiritual heritage has typically provided Cosmic Christianity aims to salvage what is most valuable about these sacred traditions while simultaneously integrating them with more modern trends that center on technological advances and artificial intelligence Moreover it will create a novel synthesis between the values of humanism and mysticism Apart from this Cosmic Christianity aims to integrate the wisdom of every imaginable spiritual tradition From traditional Eastern and Western religions to esoteric new age astrology and spiritualism an all embracing framework is created that comfortably houses all perspectives Finally it sets forth a proposal for the origin of God and the universe You will be inspired and made to ponder by Cosmic Christianity [The Coming of the Cosmic Christ](#) Matthew Fox, 1988-11-23 A comprehensive description of the transformation of Christianity by the bestselling theologian who has defined this spiritual renaissance

**Cosmic Christianity** Willi Sucher, 1993 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John s gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one s study of the stars and their meaning for both our individual lives and for the world To purchase other books by Willi Sucher please visit the Astrosophy Research Center where you will find some of his most important works on star wisdom Included are Isis Sophia I Introducing Astrosophy Isis Sophia II Outline of a New Star Wisdom Isis Sophia III Our Relationship With the Stars Drama of the Universe Living Universe Studies in Astrosophy
