Creative Styles Of Preaching:

Creative Styles of Preaching Mark Barger Elliott, 2000-09-01 This useful book on newer preaching styles is designed for students and experienced clergy alike. It consists of nine chapters each treating a different contemporary approach to preaching such as Narrative Evangelistic African American Topical Pastoral Biblical Literary and Imaginative styles. Each chapter is illustrated by sermons from well known preachers. This book will prove an invaluable travel guide to the homiletical landscape and it will aid pastors who want to keep their sermons fresh invigorating and relevant to the life experiences of their congregations.

Creative Styles of Preaching Mark Barger Elliott, 2000-01-01 Elliott describes several different styles of contemporary preaching. A discussion about each style such as narrative evangelistic African American and topical is followed by two example sermons from such preachers as Tony Campolo Barbara Brown Taylor Sam Proctor Fred Craddock and William Willimon.

The Sermon Maker Calvin Miller, 2009-09-01 Three contemporary humorous parables of a preacher who struggles with his need to change. Sam the preacher wonders what has gone wrong with his sermons. Are people still listening? Well known storyteller and communications professor Calvin Miller combines his fiction writing with his insight into preaching to address the changes faced by today's preachers especially the fact that contemporary congregations have shifted to a different way of listening. How can Sam recover his passion for preaching? In this short entertaining story driven book church leaders will see honest reflections of themselves. But the narrative humor also provides a clever way to stimulate thought and discussion on how preachers and preaching are changing. Some places in the story will lead to laughter others will cause readers to pause and reflect. But whatever the reaction *The Sermon Maker* leaves the reader encouraged and changed. Extensive commentary on the stories provides insight from the author into the best ways to communicate. Just as the story in the tremendously popular *Who Moved My Cheese* impacted readers in the business world who were facing change so this book is designed as a quick but stimulating story for any church leader who preaches or is concerned about the state of preaching today.

The Four Pages of the Sermon, Revised and Updated Paul Scott Wilson, 2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages. Each page addresses a different theological and creative component of what happens in any sermon. Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself. Page Two looks at similar conflict sin or brokenness in our own time. Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news. Page Four points to God at work in our world particularly in relation to the situations described in Page Two. This approach is about preaching the gospel in nearly any sermonic form. Wilson teaches the what why and how of sermon construction all rooted in a theology of the Word. This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on

humans It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching the New Homiletic African American preaching the effect of the internet and use of technology A chapter on exegesis has been added plus new focus on the importance of preaching to a felt need the need for proclamation in addition to teaching and developing tools to ensure sermon excellence New sermon examples have been added along with a section that responds to critics and looks to the future **www.congregationalresources.org** Richard Bass,2004-12-30 An ever increasing number of resources compete for the attention of congregational leaders With a seemingly endless number of choices finding the best resource on a particular topic for a specific congregation is an often daunting challenge www.congregationalresources.org is an invaluable companion to the groundbreaking online version of Alban Institute's and Indianapolis Center for Congregational Studies jointly researched and produced Congregational Resource Guide launched in 2001 and accessed by thousands of seekers each week The book conveniently and cogently puts the rich array of important resources into context by examining in depth the key books organizations Web sites and people that will help leaders gain an understanding of important issues facing their congregations The book features ten overviews of important topics by widely recognized experts in their fields including Amy Sherman on Community Ministry Tom Fischer on Congregational Health Lee Ramsey on Preaching Paul Chaffee on Leadership John Janka on Evaluation and Jean Trumbauer on Lay Ministry Each essay is accompanied by an annotated list of selected resources for researching further information Helpful guides for using these valuable resources to promote and encourage congregational understanding and transformation are also included **The "plainly Revealed" Word of God?** Helen Dare,Simon Patrick Woodman,2011 In January 2009 an international group of Baptist theologians met in Cardiff UK for a colloquium to explore the theory and practice of Baptist hermeneutics Drawing primarily from the British Baptist community the group's work was enhanced by insights from participants from the USA and Eastern Europe Participants brought a diversity of scholarly and pastoral interests to the colloquium and through presentation and discussion explored together the nature of Baptist hermeneutics The resulting volume addresses five core thematic areas The first section surveys the way in which Baptists have engaged with the Bible both in their early history and more recent past Section two analyses some specific examples of Baptist hermeneutics in practice while the third section turns attention to an exploration of theoretical approaches to the hermeneutical task in Baptist contexts The problem of how to negotiate interpretative difference within Baptist reading communities is addressed in the fourth section Finally concluding responses to the project from two non Baptist theologians challenge both contributors and readers to consider the wider implications of the volume for contemporary Baptist life **Approaching God** Christopher Ellis,2013-01-09 Offers guidelines and a theological framework that embrace the characteristics of evangelical worship suitable for students lay preachers worship teams as well as ordained ministers in evangelical churches **You Never Step into the Same Pulpit Twice** Ronald J. Allen,2022-06-23 This volume develops an approach to preaching that brings together two important forces

One is process theology and the other is a homiletic of conversation based on mutual critical correlation. In this approach the preacher does not unilaterally announce the Word of God but is the leader of an exciting conversation involving the biblical text, process theology, the congregation, and voices from the larger world. The preacher seeks to help the congregation identify God's invitations towards inclusive well-being and to imagine how to respond in ways that are consistent with those invitations that promote inclusive well-being. The book begins with a crisp and clear summary of the worldview of process theology, highlighting its distinctive views on how God operates in the world through invitation and on the interrelationship of all things. The work then outlines an approach to biblical exegesis informed by process perspectives and sketches a method for bringing the biblical voice into dialogue with voices from tradition, contemporary theology, and the congregation and preacher. The volume suggests shaping the sermon to honor process theology and conversation. The volume concludes by noticing how perspectives from process and conversation help the preacher embody the sermon in engaging ways. *The Living Church*, 2001

Making a Scene in the Pulpit Alyce M. McKenzie, 2018-10-23 How can preachers ensure that their sermons continue to engage listeners in a world defined by visual media and the short segmented delivery of information? Alyce McKenzie harnesses the element of drama and the human fascination with scenes to offer ministers a modern means of sermon development and delivery. McKenzie's core strategy is to invite listeners into scenes, whether from Scripture or contemporary life, and once they are there to point them toward the larger story of God's relationship with humankind. Creating such scenes unifies the whole process of preaching, she says, from the preacher's daily life observations to interpretation of scenes from Scripture to sermon shaping, sequencing, and delivery. The process culminates in a specific understanding of the purpose of the sermon: to send listeners out into the scenes they'll play in their lives for the next week, equipped to act out their parts in ways that are kinder, more just, and more courageous than last week.
