Hans Nelen, Dina Siegel

Crime Organized En Isral:

Organized Crime in the 21st Century Hans Nelen, Dina Siegel, 2023-03-10 This edited volume brings together the most recent research about various aspects of organized crime and the responses that have developed worldwide as a result to contain serious criminal acts This book focuses particularly on the way criminal networking and illegal markets have developed during the first two decades of the 21st century It examines how these developments have influenced the motivations and opportunities to commit organized crime The volume not only focuses on illegal activities in illegal markets such as drug and human trafficking but also addresses organized crime and deviance in various legitimate industries The contributions were presented at seminars of the Centre for Information and Research on Organized Crime CIROC and will be of particular interest to organized crime scholars and researchers as well as advanced students of criminology across the world

International Counterterrorism and Organized Crime Conventions Usman Hameed, Beata Polok, 2024-01-16 This book delves into the complex world of international conventions on terrorism and organized crime revealing the inherent challenges that arise when member states attempt to align these obligations with their national legal principles Highlighting the divergence in national laws concerning criminalization and jurisdiction the book explores the resulting obstacles in state cooperation including the surrender of fugitives information exchange and forfeiture Despite the proliferation of multilateral conventions the author argues that effective state cooperation ultimately hinges on bilateral agreements as national laws often lack the necessary symmetry for reciprocal modalities of cooperation The book concludes with a compelling call for consistency in the implementation of international conventions at the national level emphasizing that states will only embrace multilateral treaties as a basis for cooperation if they meet customary requirements and ensure similarity of laws between requesting and requested states A must read for scholars policymakers and practitioners seeking a deeper understanding of the complexities surrounding state cooperation in combating terrorism and organized crime

Global Organized Crime Dina Siegel, H. Bunt, D. Zaitch, 2012-12-06 In the current processes of political economic and cultural changes serious cross border forms of organized crime receive unprecedented attention as spectacular global media events as threats of all sorts and as priority targets of criminal policy and political agendas Most books on global organized crime focus on one particular region topic or event and are written from one specific theoretical and disciplinary framework The renowned scholars who have contributed to this volume present up to date expertise on regions as distant and different as Russia Colombia the Netherlands Israel Peru and Britain They tackle phenomena such as international drug trafficking alien and women smuggling terrorism East European organized crime and financial crimes They show not only how these issues are interrelated but also the way in which they interact with social economic and political legitimate structures The contributors critically question the policies and strategies currently pursued They explore different theoretical arguments from the perspective of their own disciplines which include economics criminology political science and anthropology

Israel and the European Union Sharon Pardo, Joel Peters, 2012-01-12

Israel's relations with the European Union stretch back to the early days of the European Community and the signing of the Treaty of Rome in 1957. From that point onward, Israel and Europe have developed an increasingly strong network of political, economic, scientific, and cultural ties. These relations have, however, consisted of a number of conflicting trends. Indeed, even while the EU has become Israel's most important trading partner, the political relationship has been marked by disappointment, frustration, and at times even anger. Israel and the European Union: A Documentary History by Sharon Pardo and Joel Peters traces the history of these complex relations by bringing together over two hundred documents in one volume. The documents contained in this book are divided into five time periods: i 1957-1966 Israel Looks to Europe; ii 1967-1979 Between War and Peace; iii 1980-1991 From Venice to Madrid; iv 1992-2003 From Oslo to Barcelona; and v 2004-2011 A Renaissance Cut Short. Each section is preceded by a short essay outlining the major themes of Israeli-European Relations during those years. The authors have not added any commentary to the documents themselves and instead have allowed the documents to speak for themselves. The aim of this book is to offer a public record for future researchers and students of the dynamics of European-Israeli relations as well as of Europe's relationship with the Middle East over the past fifty years. Israel and the European Union is designed to serve as a companion volume to Pardo and Peters' *Uneasy Neighbors: Israel and the European Union* (Lexington Books, 2010).

The Israeli Mafia Dina Siegel, 2024-11-09. This book delves into a previously unexplored realm within criminological scholarship: Israeli organized crime. Breaking the silence that has shrouded this topic, this book undertakes a comprehensive examination of the intricate socio-economic and cultural landscapes that have shaped the criminal operations of a diverse array of Jewish and non-Jewish criminal entities spanning from the inception of the Israeli state to the present day. In 2024, drawing upon meticulous ethnographic fieldwork conducted in Israel between 2020 and 2024, alongside rigorous media analysis, interviews conducted both domestically and internationally, and a wealth of visual material captured by the author during fieldwork, this study offers unparalleled insights into the dynamics of Israel's underworld. It examines the multifaceted activities of various criminal organizations, including but not limited to drug and human trafficking, protection rackets, gambling enterprises, and contract killings. Moreover, this book critically examines the responses of authorities and law enforcement agencies to the escalating influence of organized crime amidst the backdrop of major socio-political upheavals in Israel, ranging from wars and waves of immigration to terrorist attacks. By contextualizing these criminal phenomena within broader historical and contemporary narratives, this work not only fills a significant gap in scholarly discourse but also provides a nuanced understanding of the intersections between crime, society, and governance in the Israeli context.
