Buchanan, Adrian-Mario Gellert, 2019-03-01 This book shares global perspectives on Catholic religious education in schools chiefly focusing on educational and curriculum issues that take into account the theology and the pedagogy which support learning in connection with Catholic religious education Further it offers insights into the distinctive contribution that Catholic religious education makes to religious education and education in general across diverse schooling contexts Bringing together insights from leading scholars and experts on Catholic religious education around the globe the book offers an essential reference guide for all those involved in researching planning and designing curricula for Catholic religious education as well as developing related theories in the field How to Lead Children's Liturgy of the Word Pat Fosarelli, Donna Eschenauer, Paul Turner, 2014-06-02 This essential guide offers valuable insight into how leaders of children's Liturgy of the Word can best meet the developmental needs of children **How Then Shall We Guide?** Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis *Literature, Pedagogy, and Curriculum in Secondary Education* M. Martin Guiney, 2017-05-31 This book argues for the importance of literature studies using the historical debate between the disinterested disciplines art for art's sake and utilitarian or productive disciplines Forgoing the traditional argument that literature is a unique spiritual resource as well as the utilitarian thought that literary pedagogy promotes skills that are relevant to a post industrial economy Guiney suggests that literary pedagogy must enable mutual access between the classroom and the outside world It must recognize the need for every human being to become a conscious producer of culture rather than a consumer through an active process of

literary reading and writing Using the history of French curricular reforms as a case study for his analysis Guiney provides a contextualized redefinition of literature's social value

C. Cramer, 2025-01-30 When first published at the end of the nineteenth century The Parson's Handbook went on to go through twelve editions the final of which was published in 1932 four years before the death of its author Percy Dearmer In 1965 a thirteenth edition was published by Dearmer's student Cyril Pocknee Now nearly a hundred years after the publication of Dearmer's twelfth edition Jared Cramer provides a new version of this work that will bring the insights of Dearmer's distinctively Anglican approach to worship to bear on the ministry of clergy and lay leaders in the twenty-first century Entirely revised and rewritten with attention to the principals of modern liturgical theology and history along with the ecumenical and multicultural context of today's Christian worship this book demonstrates that the principles at the core of Dearmer's approach still can be of tremendous value to anyone who seeks to provide beautiful dignified and collaborative worship in the Anglican prayer book tradition
