Irish Nation Building Emmet Oliver, 2025-03-14 This book examines the early decades of economic nation building in Ireland It draws on a large amount of previously unstudied archival material to construct a novel contribution to Irish business and economic history that focuses on government relations business power and wider dynamics of power in a decolonising context The book adopts a different approach to the early decades of Irish independence decentering the typical focus on party political developments Church state relations and Anglo Irish relations Instead the book explores the role of Irish businesses and services and their engagement with the governing elites of the time More than just offering a general survey of Irish businesses in the early years of independence the chapters of this book illuminate and analyse the commanding heights of the economy the Marxist term for the core distribution channels of capital and labour In particular the book focuses on four key strategic sectors banking insurance shipping and rail to analyse the tensions between the new Irish nationalist political elite and embedded business interests from the pre independence era how these led to the transformation of the Irish economic model by the late 1950s and its gradual integration into a newly globalising world economy This book will be essential reading for students and researchers of economic and business history and Irish history and independence broadly *The East India Company and the Politics of Knowledge* Joshua

Ehrlich, 2023-07-06 Ehrlich reveals how the East India Company used its commitment to knowledge to justify its commercial and political power The History of the Company, Part I Vol 2 Robin Pearson, James Taylor, Mark Freeman, 2024-10-28

Exploring the changing economic social and political role of the Anglo American firm this two part collection of rare texts covers the period 1700 1850 Each part features an introduction which provides an overview of the development of the British and American business corporation in their respective periods and places it in its wider contexts
