## **Costa Rica Red Light District:**

**Female Prostitution in Costa Rica** Anne Hayes, 2013-09-13 This book analyzes the development of female prostitution in the Pacific port of Puntarenas Costa Rica during the advanced stage of the coffee exporting economy 1880 1930 at the height of the consolidation of the liberal state Hayes argues that prostitution in the port differed from that of the coffee producing highlands due to differential economic social and political development In the periphery of Puntarenas the development of prostitution reflected a less stigmatized view of sexual commerce than that of the highlands where prostitution although legal threatened the tenets of liberal nationalism based on racial homogeneity and family values Women of the highlands were encouraged to reproduce the nation s more European stock of workers and to ensure the legal transference of property through legal church marriages both part of a design to stabilize the coffee exporting project By contrast prostitutes and other working women of Puntarenas many immigrants from the less European populations of neighboring regions and most in concubinage were freer to do what the law prescribed register as prostitutes in legitimate trade Such regional disparities reveal weaknesses in traditional explanations of Costa Rican exceptionalism which have rested on the premise of cultural homogeneity and have reflected the realities of only one region of the country The book advances an alternative explanation for the development of the nation s more democratic institutions situating Costa Rican exceptionalism in the nation s free labor system of which the labor prostitute in Puntarenas provides an example

**Gringo Gulch** Megan Rivers-Moore,2016-08-04 The story of sex tourism in the Gringo Gulch neighborhood of San Jos Costa Rica could be easily cast as the exploitation of poor local women by privileged North American men men who are in a position to take advantage of the vast geopolitical inequalities that make Latin American women into suppliers of low cost sexual labor But in Gringo Gulch Megan Rivers Moore tells a more nuanced story demonstrating that all the actors intimately entangled in the sex tourism industry sex workers sex tourists and the state use it as a strategy for getting ahead Rivers Moore situates her ethnography at the intersections of gender race class and national dimensions in the sex industry Instead of casting sex workers as hapless victims and sex tourists as neoimperialist racists she reveals each group as involved in a complicated process of class mobility that must be situated within the sale and purchase of leisure and sex These interactions operate within an almost entirely unregulated but highly competitive market beyond the reach of the state bringing a distinctly neoliberal cast to the market Throughout the book Rivers Moore introduces us to remarkable characters Susan a mother of two who doesn t regret her career of sex work Barry a teacher and father of two from Virginia who travels to Costa Rica to escape his loveless sexless marriage Nancy a legal assistant in the Department of Labor who is shocked to find out that prostitution is legal and still unregulated Gringo Gulch is a fascinating and groundbreaking look at sex tourism Latin America and the neoliberal state
