Non-Jazz Improvisation: Banjo Edition Dick Weissman, Dan Fox, 2010-12-29 The non jazz improvisation series is a concept that germinated in Dick Weissman's mind while he was attending music school. He wrote a 15 piece arrangement of the old square dance tune Cripple Creek and wanted the trombone to take a solo as part of the arrangement. When the trombonist kept playing a bebop solo that was totally unsuitable for the chart, Dick realized that in addition to the many musicians who do not improvise, there are even jazz musicians who don't know how to improvise outside the limits of their own stylistic backgrounds. This book approaches the five string banjo as a musical instrument freed from the prison of specific musical genres. Old time music, clawhammer, bluegrass, and many eclectic adaptations of the banjo are utilized to demonstrate a variety of musical styles. A number of the selections are in different tunings. All examples are written out in traditional and tablature notation.

Over and Over Olivier Julien, Christophe Levaux, 2018-02-22 From the Tin Pan Alley 32 bar form through the cyclical forms of modal jazz to the more recent accumulation of digital layers, beats and breaks in Electronic Dance Music, repetition as both an aesthetic disposition and a formal property has stimulated a diverse range of genres and techniques. From the angles of musicology, psychology, sociology, and science and technology, Over and Over reassesses the complexity connected to notions of repetition in a variety of musical genres. The first edited volume on repetition in 20th and 21st century popular music, Over and Over explores the wide ranging forms and use of repetition from large repetitive structures to micro repetitions in relation to both specific and large scale issues and contexts. The book brings together a selection of original texts by leading authors in a field that is as yet little explored. Aimed at both specialists and neophytes, it sheds important new light on one of the fundamental phenomena of music of our times.

A Guide to Non-Jazz Improvisation: Guitar Edition Dick Weissman, Dan Fox, 2010-12-29 The non jazz improvisation series is a concept that germinated in Dick Weissman's mind while he was attending music school. He wrote a 15 piece arrangement of the old square dance tune Cripple Creek and wanted the trombone to take a solo as part of the arrangement. When the trombonist kept playing a bebop solo that was totally unsuitable for the chart, Dick realized that in addition to the many musicians who do not improvise, there are even jazz musicians who don't know how to improvise outside the limits of their own stylistic backgrounds. Fingerstyle and flatpicking techniques demonstrate the use of the guitar as an incredibly versatile instrument that holds its own in a variety of musical genres. Various guitar tunings are included. All examples are written out in traditional and tablature notation.
