Creative Paths To Television Journalism:

Creative Paths to Television Journalism Jacek Dąbala, 2015 The book is a scholarly and creative consideration of audiovisual broadcasting It looks at what makes a TV performance professional Its targeted audience are primarily aspiring journalists students researchers and lecturers in media and communication but also all those for whom the creation and impact of audiovisual image are important **Mystery and Suspense in Creative Writing** Jacek Dąbala, 2012 Mystery and Suspense in Creative Writing presents a systematic analysis of a very important aspect of writing by integrating it with journalistic media and communication studies The book examines the specific rules for creating intrigue and suspense and confronts their universal features with selected literary texts The individual texts emphasize the importance of understanding the emotions through transformation of various archetypes The rules postulated by creative writing for building drama and tension in such texts often deal with this profound issue They are thus not an end in themselves but actually lead to more mature writing Therefore they essentially contribute to developing one's creative talent and communication skills The paradigm of creative writing serves to shape the creativity of students of various disciplines including not only literary studies and journalism but also such diverse areas as medicine and information technology Series International Studies in Hermeneutics and Phenomenology Vol 7 **Joyful Mondays** Brown, 2011-11 **New Paths to Thick Descriptions** Richard Elliott, Avi Shankar, 2005 Annotation The papers in this e book focus on data collection and whilst none can claim to be completely new all challenge our usual reliance on focus groups or depth interviews and challenge us to think more creatively of how we might get closer to the actual lived experience of consumers and consumption **Establishing Creative Writing Studies as an Academic Discipline** Dianne Donnelly, 2011-11-23 This book advances creative writing studies as a developing field of inquiry scholarship and research It discusses the practice of creative writing studies the establishment of a body of professional knowledge and the goals and future direction of the discipline within the academy This book also traces the development of creative writing studies noting that as the new discipline matures as it refers to evidence of its own research methodology and collective data and locates its authority in its own scholarship creative writing studies will bring even more meaning to the academy its profession and its student body **Creative Mobile Media: A Complete Course** Sylvie E Prasad, 2017-04-24 **Creative Mobile Media** provides a guide to the creation production and display of media with mobile technology at its heart Split into two parts the first gives a practical how to guide on producing and exhibiting different forms of mobile art including photographs and films From taking the perfect selfie to creating a short film there is advice on how to produce sell and market the products created on your phone Also included are exercises designed to build technical skills and improve creative thinking meaning you are able to practice the creation of media and engage with a global community through new digital technologies The second part uses case studies to look at the effect of these new digital technologies within areas such as journalism advocacy ethics and social participation Mobile and cellular

phones are now ingrained within all aspects of life and investigated here is how 21st Century society is adapting to these changes With both theoretical and practical guidance this book is perfect for media students and mobile users interested in how creative mobile technology can be used professionally and commercially and why it matters in our digitised world
