Hoffman,2017-11-14 Drawing on examples of the hottest innovators in Silicon Valley this step by step guide will show you how to develop test and launch your impossibly big idea to success Almost every major company today has made innovation its number one priority Yet fewer than one in four executives believe their organizations are effective innovators

The pressure to innovate and the price paid for failure keeps rising while most companies haven't progressed at all. They are still using the same antiquated techniques pioneered decades ago. This is why some of the biggest corporations in the world manage to lose entire markets to startups they've never heard of. In today's world, everyone will need to innovate to stay competitive. It doesn't matter if you're a startup founder, corporate executive, small business owner, freelancer, or professional; there's a technology out there that's going to upend your industry. And if you aren't able to harness it to your advantage, someone else will. Innovation is no longer an option; it's the price of admission into the business world. *Make Elephants Fly* is designed to help you implement the same innovation methodologies and processes as Silicon Valley startups. It will teach you how startups come up with breakthrough products and services, how to structure innovation teams, the best ways to identify and vet new ideas, what it takes to foster a culture of innovation, how to establish a process of innovation throughout your organization. By the time you've digested this book, you will have the tools needed to take your impossibly big idea and make it fly.

Karma's a Beach Samantha Chase, 2025-07-15 It's bad enough I have to fly home for a funeral. Not just any funeral either. My ex's funeral. Where I have to give the eulogy. Let's just say he was an ex for a reason, and I'd much rather write a speech about his flaws than wax poetic about what a great person he was. But I just couldn't bring myself to say no to his mom when she asked. So here we are. I just have to get through the funeral, and then it's a whole month of relaxing on the beach with my oldest friends. But of course, nothing ever goes according to plan. Entitled passengers, flight delays, lost luggage. Everything that could go wrong went wrong. And I might have had a little too much wine and spilled my entire life story to the man in the seat next to me. The incredibly nice, incredibly sexy man sitting next to me. It's a good thing I'll likely never see him again. Or so I thought. The stranger who awkwardly comforts me at my ex's funeral. Airplane guy. And I'll give you one guess about who shows up at the beach house. Kill Me Now. This was supposed to be a relaxing vacation, but now I have to worry about how attracted I am to a man who knows entirely too much about me and only seems to catch me at my absolute worst. Or maybe I'll get lucky and he'll be into hot messes.
