Bartlett,Barbara Brown Taylor,2009-01-27 With this new lectionary commentary series Westminster John Knox offers the most extensive resource for preaching on the market today When complete the twelve volumes of the series will cover all the Sundays in the three year lectionary cycle along with movable occasions such as Christmas Day Epiphany Holy Week and All Saints Day For each lectionary text preachers will find four brief essays one each on the theological pastoral exegetical and homiletical challenges of the text This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion The editors and contributors to this series are world class scholars pastors and writers representing a variety of denominations and traditions And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary each volume will contain an index of biblical passages so that nonlectionary preachers as well as teachers and students may make use of its contents *The Holy Spirit of Communion* Marek Jagodziński,2023-08-14 Communion is a dynamic reality love unity of life mutual penetration the closest union The Holy Spirit is the Communion within the Trinity and forms the communion between God man and the world between people in the Church and within whole reality of this world Showing pneumatology as a dimension of the entire

dogmatic theology determines the originality of this monograph Typically theologians focused their works on pneumatology itself Marek Jagodski's monograph is especially up to date since the pentecostal awakening in Christianity carries certain dangers They take the forms of over exposing the Holy Spirit at the expense of the Son of God overly simplified ecumenism emphasising charisms over the institution and putting personal experience over the community faith of the Church The study is not only a presentation of ideas but brings new and inspiring elements to the scientific discussion It is an original and creative contribution to the theoretical achievements of theology as a discipline of science The dissertation brings a new name for the Third Divine Person Communion in the Holy Trinity Communion reflects the mission of the Holy Spirit which embraces the Church and the sacraments voices a golden mean between forgetting about the Holy Spirit and the Joachimism of proclaiming the era of the Holy Spirit The monograph justifies the simultaneous existence of Christology and pneumatology brings a new perspective on Filioque and is of significance for ecumenism Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology
