

CRIMINOLOGY GOES TO THE MOVIES

INSTRUCTOR'S GUIDE

Prosser and Schneider's criminology never strays off the same ground, but the two have always seemed in perfect, peacefully coexisting but rarely engaging with each other. In *Criminology Goes to the Movies*, Prosser and Schneider bring these modes of inquiry into close contact, drawing on the rich history of academic criminology to illuminate previously unexplored corners of Hollywood films.

By connecting prominent criminological theories to popular films in which they are portrayed, Prosser and Schneider demonstrate that criminology lives a life not just in the halls of academia, but also in pop culture, on the silver screen. *Criminology Goes to the Movies* says, in not an exclusively academic pursuit, but a widespread cultural pursuit shared by nearly every creator and consumer of pop culture. While academia in criminology is often better-equipped than popular criminology at analyzing the larger social context of crime, there are also elements of crime that academic tends to overlook. *Go* translates theories into compelling narratives, and in so doing, further enriches the intellectual weight that accompanies crime, the unique personal experiences that theory cannot grasp.

Using the spirit of academic criminology to unearth the hidden meaning in film, *Criminology Goes to the Movies* makes the subject more exciting and engaging for students. The result is a groundbreaking new way of looking at crime-film, wherever it appears.
