Franziska Koch

Crip Theory Cultural Signs Of Queerness And Disability Cultural Front:

Crip Theory Robert McRuer, Michael Bérubé, 2023-11-21 A bold and contemporary discourse of the intersection of disability studies and queer studies Crip Theory attends to the contemporary cultures of disability and queerness that are coming out all over Both disability studies and queer theory are centrally concerned with how bodies pleasures and identities are represented as normal or as abject but Crip Theory is the first book to analyze thoroughly the ways in which these interdisciplinary fields inform each other Drawing on feminist theory African American and Latino a cultural theories composition studies film and television studies and theories of globalization and counter globalization Robert McRuer articulates the central concerns of crip theory and considers how such a critical perspective might impact cultural and historical inquiry in the humanities Crip Theory puts forward readings of the Sharon Kowalski story the performance art of Bob Flanagan and the journals of Gary Fisher as well as critiques of the domesticated queerness and disability marketed by the Millennium March or Bravo TV's Queer Eye for the Straight Guy McRuer examines how dominant and marginal bodily and sexual identities are composed and considers the vibrant ways that disability and queerness unsettle and re write those identities in order to insist that another world is possible

Crip Theory Robert McRuer, 2006 Crip Theory attends to the contemporary cultures of disability and queerness that are coming out all over Both disability studies and queer theory are centrally concerned with how bodies pleasures and identities are represented as normal or as abject but Crip Theory is the first book to analyze thoroughly the ways in which these interdisciplinary fields inform each other Drawing on feminist theory African American and Latino a cultural theories composition studies film and television studies and theories of globalization and counter globalization Robert McRuer articulates the central concerns of crip theory and considers how such a critical perspective might impact cultural and historical inquiry in the humanities Crip Theory puts forward readings of the Sharon Kowalski story the performance art of Bob Flanagan and the journals of Gary Fisher as well as critiques of the domesticated queerness and disability marketed by the Millennium March or Bravo TV's Queer Eye for the Straight Guy McRuer examines how dominant and marginal bodily and sexual identities are composed and considers the vibrant ways that disability and queerness unsettle and re write those identities in order to insist that another world is possible

The Routledge Companion to Art and Disability Keri Watson, Timothy W. Hiles, 2022-03-30 The Routledge Companion to Art and Disability explores disability in visual culture to uncover the ways in which bodily and cognitive differences are articulated physically and theoretically and to demonstrate the ways in which disability is culturally constructed This companion is organized thematically and includes artists from across historical periods and cultures in order to demonstrate the ways in which disability is historically and culturally contingent The book engages with questions such as How are people with disabilities represented in art How are notions of disability articulated in relation to ideas of normality hybridity and anomaly How do artists use visual culture to affirm or subvert notions of the normative body Contributors consider the changing role of

disability in visual culture the place of representations in society and the ways in which disability studies engages with and critiques intersectional notions of gender race ethnicity class and sexuality This book will be particularly useful for scholars in art history disability studies visual culture and museum studies **Sexual Disorientations** Kent L. Brintnall, Joseph A. Marchal, Stephen D. Moore, 2017-11-07 Sexual Disorientations brings some of the most recent and significant works of queer theory into conversation with the overlapping fields of biblical theological and religious studies to explore the deep theological resonances of questions about the social and cultural construction of time memory and futurity Apocalyptic eschatological and apophatic languages frameworks and orientations pervade both queer theorizing and theologizing about time affect history and desire The volume fosters a more explicit engagement between theories of queer temporality and affectivity and religious texts and discourses **The Disarticulate** James Berger, 2014-05-23 Language is integral to our social being But what is the status of those who stand outside of language The mentally disabled wild children people with autism and other neurological disorders as well as animals infants angels and artificial intelligences have all engaged with language from a position at its borders In the intricate verbal constructions of modern literature the disarticulate those at the edges of language have paradoxically played essential defining roles Drawing on the disarticulate figures in modern fictional works such as Billy Budd The Sound and the Fury Nightwood White Noise and The Echo Maker among others James Berger shows in this intellectually bracing study how these characters mark sites at which aesthetic philosophical ethical political medical and scientific discourses converge It is also the place of the greatest ethical tension as society confronts the needs and desires of the least of its brothers Berger argues that the disarticulate is that which is unaccountable in the discourses of modernity and thus stands as an alternative to the prevailing social order Using literary history and theory as well as disability and trauma theory he examines how these disarticulate figures reveal modernity's anxieties in terms of how it constructs its others **Patriarchy's Remains** Erin K. Hogan, 2024-04-23 Something is rotten in the state of Spain The uninterred corpse of a patriarchal figure populates the visual landscapes of Iberian cinemas He is chilled drugged perfumed ventilated presumed dead speared in the cranium and worse Analyzing a series of Iberian cinematic dark comedies from the 1950s to the present day Patriarchy's Remains argues that the cinematic trope of the patriarchal death symbolizes the lingering remains of the Francisco Franco dictatorship in Spain 1939-75 These films created as satirical responses to persisting economic social and political issues demonstrate that Spain's transition to democracy following the Francoist period is an incomplete and ongoing process Within the theme of patriarchal decay the significance of the figure differs across cinematic representations from his indispensability to his obstructionism and exploitation Erin Hogan traces the prevalence of patriarchal death by analyzing its relationship with the surrounding characters who must depend on the deceased Hogan demonstrates how the patriarch's persistence in film both reveals and challenges an array of discriminations and inequalities in the cinematic grotesque tradition in Iberian cinemas more broadly and in Iberian society as a whole

Despite Spain's ongoing transition towards democratic pluralism Patriarchy's Remains serves as a reminder that the remnants of an entrenched although not interred patriarchal culture continue to haunt Iberian society **(Un)doing Diabetes: Representation, Disability, Culture** Bianca C. Frazer, Heather R. Walker, 2022-01-21 While the 21st century insulin crisis provokes protest and political dialogue public conception of diabetes remain firmly unchanged Popular media representations portray diabetes as a condition couched in lifestyle choices In the groundbreaking volume *Un doing Diabetes* authors destabilize depictions so powerful so subtle and so unquestioned that readers may find assertions counterintuitive *Un doing Diabetes* is the first collection of essays to use disability studies to explore representations of diabetes across a wide range of mediums from Twitter to TV and film to theater fiction fanfiction fashion and more This disability studies approach to diabetes locates individual experiences of diabetes within historical and contemporary social conditions In *undoing diabetes* authors deconstruct assumptions the public commonly holds about diabetes while writers doing diabetes present counter narratives community members create to represent themselves This collection will be of interest to scholars activists caregivers and those living with diabetes *Queering Kansas City Jazz* Amber R. Clifford-Napoleone, 2018-11-01 The Jazz Age a phenomenon that shaped American leisure culture in the early twentieth century coincided with the growth of Kansas City Missouri from frontier town to metropolitan city Though Kansas City's music culture and stars are well covered *Queering Kansas City Jazz* supplements the grand narrative of jazz history by including queer identities in the city's history while framing the jazz scene experience in terms of identity and space Cabarets gender impressionism clubs and sites of sex tourism in Kansas City served as world making spaces for those whose performance of identity transgressed hegemonic notions of gender sexuality race and class Amber R Clifford Napoleone takes an interdisciplinary approach to provide a critical deconstruction of how the jazz scene offered a space for nonnormative gender practice and performance and acted as a site of contested identity and spatial territory Few books examine the changing ideas about gender in the turn of the century Great Plains under the false assumption that people in middle American places experienced cultural shifts only as an aftershock of events on the coasts This approach overlooks the region's contested territories identities and memories and fails to adequately explain the social and cultural disruptions experienced on the plains Clifford Napoleone rectifies this oversight and shows how Kansas City represents the complexity of the jazz scene in America as a microcosm of all the other people who made the culture clubs music and cabarets of the age possible **Worlding Love, Gender, and Care** Franziska Koch, 2023-07-04 Shigeko Kubota's pioneering video *Sexual Healing* 1998 presents an ambivalent take on her disabled husband Nam June Paik in physical therapy Accompanied by Marvin Gaye's titular pop song it considers love sex and care in old age within the much debated field of Fluxus collaborations and its ideal of working together as equals when fusing life and art *Worlding Love Gender and Care* delves into the four decades of Kubota and Paik's time together reflects on feminist worlding and investigates the vital contribution of female Fluxus artists to art history *Patriotism by Proxy* Colleen

Glenney Boggs, 2020-08-03 At the height of the Civil War in 1863 the Union instated the first ever federal draft Patriotism By Proxy develops a new understanding of the connections between American literature and American lives by focusing on this historic moment when the military transformed both Paired with the Emancipation Proclamation the 1863 draft inaugurated new relationships between the nation and its citizens A massive bureaucratic undertaking it redefined the American people as a population laying bare social divisions as wealthy draftees hired substitutes to serve in their stead The draft is the context in which American politics met and also transformed into a new kind of biopolitics and these substitutes reflect the transformation of how the state governed American life Censorship and the suspension of habeas corpus prohibited free discussions over the draft s significance making literary devices and genres the primary means for deliberating over the changing meanings of political representation and citizenship Assembling an extensive textual and visual archive Patriotism by Proxy examines the draft as a cultural formation that operated at the nexus of political abstraction and embodied specificity where the definition of national subjectivity was negotiated in the interstices of what it means to be a citizen soldier It brings together novels poems letters and newspaper editorials that show how Americans discussed the draft at a time of censorship and how the federal draft changed the way that Americans related to the state and to each other
